Headmaster's Message

I hope that you have enjoyed your year at Stanstead College. For the graduates of 2011-12, I wish you all the very best as you move on to university and the world beyond. Even though you may not realize it right at the moment, you're a very lucky group. You've had a great education at a wonderful school filled with people who truly cared about you. You're also lucky to be moving on to a fantastic phase of your life. As Winston Churchill once said, "The years 18 to 25, that's the greatest time of life." He was absolutely correct, so take full advantage of the moment. It won't last forever.

More than anything else, I hope that you made good friends and learned how to be a good friend during your time at Stanstead College. I hope this for you because friendship is a critical component of your life and your future. It's often a tough world out there and it's frequently filled with disappointments and hard lessons. We need friends to get us through the tough times.

The art of friendship – the ability to make and keep friends – will determine your happiness not just now in school, be it high school or university, but your happiness in the future at work, at leisure and in your relationships.

What does it mean to be a friend? I think St. Paul got it right when he wrote that friendship meant "rejoicing with those who rejoice, and weeping with those who weep." In other words, a real friend is there for you in good times and in bad, for richer or for poorer, in sickness and in health, for better or for worse. That sort of loyalty, that genuine and abiding concern for a person through thick and thin, is what comes to mind when I think of students who became friends at Stanstead College.

Being loyal to a friend doesn't mean that you always have to agree with that person. In fact, it's the opposite. Real loyalty – the loyalty that I've witnessed amongst Stanstead Spartans through the years – means appreciating the difference in others and feeling comfortable in expressing disagreements openly. True friendship means being open and allowing your friends to be different. You allow your friends to grow and change. You rejoice in your friends' successes, you share in your friends' sorrows. And friendship is not defined by whether you disagree with someone. Friendship is defined by how you handle the disagreements that are sure to arise.

At some point in your lifetime, when the chips are down, when things are for worse rather than for better, when things are for poorer rather than for richer, you'll find out who your friends really are. Fair-weather friends aren't friends at all. As J.R.R. Tolkien, the author of *The Lord of the Rings* trilogy once said "Faithless is he that says farewell when the road darkens." Real friends are there for you when there's a price for that loyalty.

I know that the bonds you have forged with your peers here at Stanstead College will endure over time. Look after each other and always be there for one another no matter what the circumstances. I wish you all an exciting and rewarding future and look forward to seeing you again soon in the years ahead.

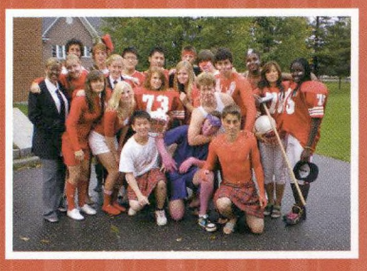
Editor's Message



This past year has gone by so fast. It is amazing when you look back and you realize how much everyone and everything has changed since the beginning of the 2010-11 school year. Think back to what you thought Stanstead College would be like after the first week - I bet no one thought that by the end of the year so many memories and good friends were going to be made. I don't think we will ever forget the penguin suit..

This year I wanted to try something new, so I decided to join Spectrum, not knowing that I would become the editor. When Mr. Murray asked me to be the yearbook editor I didn't know what to think. Should I be worried or thankful that he chose me? At times throughout this year, I felt both worried and thankful. Worried when pages were so close to being finished but we were just missing key things - like the coaches' write-ups. Thankful when we finished a group of pages or even just one page. We had a great team this year! You guys were a wonderful group of people, such a great help and most importantly, a pleasure to be around. I will truly miss working with all of you. Thank you for helping to make this yearbook possible.

Congratulations to the grads of 2010-11, you guys did it and now you're off searching adventure in the world in a new way. You have accomplished so much this year, learnt many new things, and grown as young individuals. Remember all of the people that changed your life this year and thank them. Take the past opportunities from school and use them as a background for your future. Keep up all the hard work in the years to come and show the world what you have to offer. Be true, be pure, be strong, be brave, be a friend, be giving, be humble, laugh, love, and lift. You are a Stanstead College graduate. For those of you returning next year, experience all that Stanstead has to offer; try a new club (like Spectrum), sign up to do tours, play a new sport, and excel in every way you can.

Stanstead College is like a family in every way. In the classrooms, on the sports fields, or just hanging out in the student centre, we laughed, we cried, we hugged, and always we were there for each other. To everyone at Stanstead College I say Thank You. Thank you for allowing me to be a part of your family.

Departing Faculty & Staff

Simon Foster

M. Foster first came to Stanstead as a participant and then a counsellor at the Language Camp. As a teacher, he has spent the past nine years in the Languages Department, including head of the department for the past two years. In addition, he has been house director of Bugbee twice. He has accepted a position at Cegep de Terrebonne.

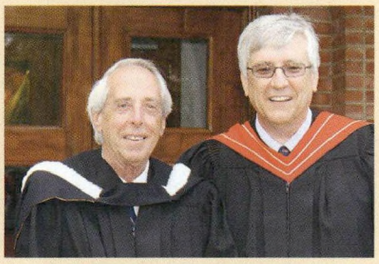
Andy Elliot

Mr. Elliot retired in December after 27 years of teaching and coaching, including a stellar record as the Spartan football coach. He was also for many years the school's director of admissions. He also ran the Investment Club and was a mean tennis player!

Mr. Elliot (r) celebrates another win with Mr. Simard

Brian Denney

A former student, Mr. Denney has enjoyed an astounding 44-year career at Stanstead College, serving as teacher, coach, director of university guidance, house director, mentor and friend to countless students and teachers. While he had retired from active teaching, Mr. Denney has served for the past several years as the alumni relations coordinator in the Advancement Office.



Mr. Denney (L) with Bacc speaker and former student and colleague Michael Peirce

Geoff Telling

Mr. Telling began teaching at Stanstead College in 1987 to teach English and was an active member of the school community up until his retirement in December. In addition, to teaching, Mr. Telling directed the school play for many years, coached, was active in Community Service, headed the Humanities Department and served as Director of Academics.

Alta Sheldon & Clément Jacques

"Miss Alta" has worked at Stanstead College for 35 years, for the past several years as head of housekeeping. While she's retiring from housekeeping, she will continue to manage the gym.

M. Jacques ends a 30-year career working in the school's Business Office, where for the past five years he has served as business manager.

Liz Getty

For the past 22 year, Ms. Getty has served as school librarian. In addition, she has worked in the former Development Office, taught Life Skills and supervised the Web Club, which built the school's original website. She is also notoriously camera shy...

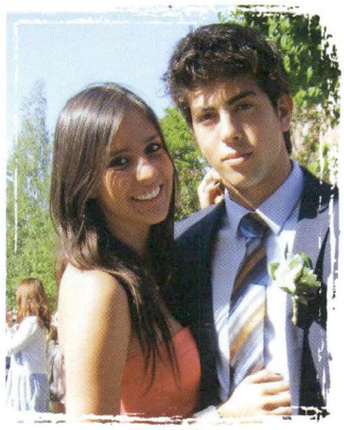
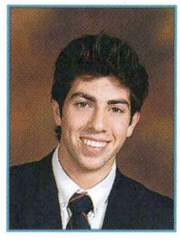
The year went by so fast that I seriously can't believe it's almost over. First of all, I want to thank all the teachers who helped to improve me as a student and become a better person. But overall I want to thank my mom who made this year possible for me and of course my advisor Mr. Van Dyke for being such a great person and advisor to me and for always believing in me. These last two years went by so fast that it is hard to believe that I'm done with this school and that all this is just going to be a memory in just a few weeks. The experiences that I had here are going to be close to my heart forever. I will never forget all the people that I met here because they made a difference in my life and changed me in one way or another. Mexicanas las quiero muchísimo gracias por hacer este año tan padre, las voy a extrañar muchísimo de verdad son lo máximo.



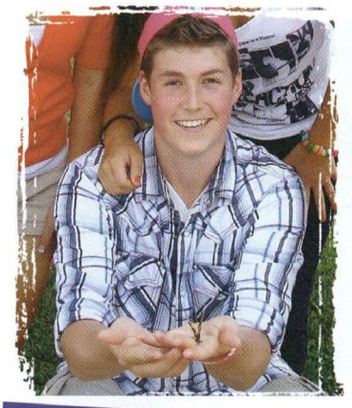
pietro antonelli

Never would have thought that three years of my life would have been this intense. There have been so many amazing experiences and life lessons that I know I'll hold these memories close as I move on. All the hockey experiences with the team and coach Rioux, that I can't emphasize how thankful I am for having such great support and such an amazing friendship with you all. All of you who worked close with me know who you are and I thank you for putting up with me and for making my time here this amazing. I'm going to miss everyone and I hope to keep in touch! To my best friend Sarah thanks for always being there for me. I'll miss you a lot. Oh, and before I forget, good luck Chibih with Princeton... oh wait, you're not going to Princeton, how do you like me now?!



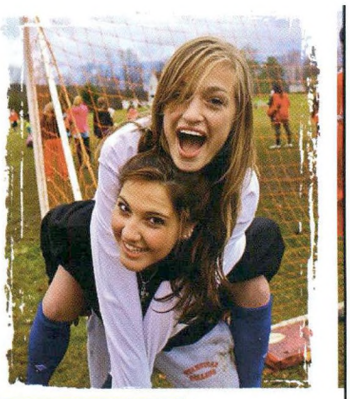
pierre-alexandre aucoin

I would like to thank my parents for everything and also everyone who made this year possible. I will miss you all!



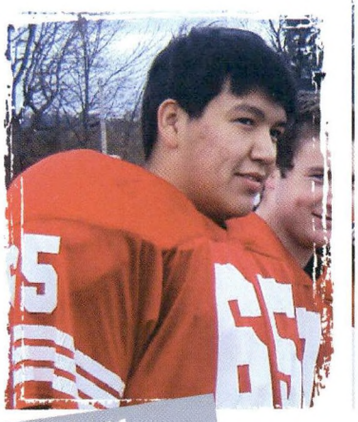
robert baillargeon

It's sad to accept that my three years at Stanstead have come to an end, when so much has happened in those three years. I'd like to thank my wonderful mother for making this all happen. All the wonderful teachers and coaches who helped make me who I am today. All the friends that I have made during my time here, you've all made my time amazing and I hope to keep in touch. I wish the best for everyone graduating and hope to keep in touch. For those returning next year, I urge you to take advantage of your last years in high school, since they were the best for me so far. So many memories made and lessons learned have engraved this place as a sort of home away from home. I will you all and I hope to keep in touch.



maya basa

This year went so fast, it was too bad I was only there one year. I'm really going to miss all the friends I made here, and I can't wait to see everyone at Homecoming next year!



dallas blacksmith

When I first came to Stanstead, I was really nervous about how the year would turn out. But I knew I had a new challenge ahead of me, and with the support of family and friends I knew I could achieve it. Stanstead College has made me a better person in every way. The things I will miss the most is the road trips with the boys during the hockey season, just sitting in the bus watching movies, or listening to Leslie's amazing stand-up comedy or even Carl calling his animals. It was just a blast. I will also miss the people I met throughout the year and I know the memories will last forever. Living in the basement in Davis was unreal, I will Miss Dyl's crazy temper moments. Grandpa Seb's "British" talks how he argues about everything, gonna miss the roommate Phil, who btw still can't catch. I will miss Boulos' random moments and his funny humour. I had some good memories at Stanstead College that I won't forget. I might actually pull a "Max Ruel" but will see what happens.

I really enjoyed my year at stanstead. The main reason is because of all of you. I met great people from everywhere and I made unforgettable friendships with those people. I want to thank all the people that helped me

this year, all myfellow students and teachers, who helped me in sports as well as in school.
It was a really succesful year for sports. I want to congradulate my fellow teammates in soccer, hockey and rugby for winning the playoffs as well as thank the coaches for all the help they brought me and all the advices they gave to me. especially in hockey. It was the best season I ever had and all the moments I had with this group of girls are absolutely unforgettable.
I really appreciated my year at Stanstead College and I wanted to thank all the people that made it possible!
THANK YOU!

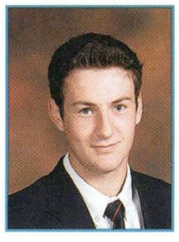
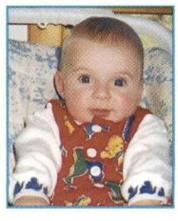
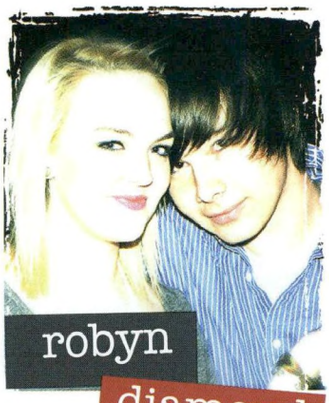
Wow! I can't believe that the year here is done already. It seems like yesterday when I hopped on a plane to come to Stanstead. I was hesitant at first about whether I was going to enjoy it here, but I'm really glad that I ended up making the decision to come here. I want to thank my parents for all the support they have given me throughout



the years and for allowing me to come here. You are the best parents I could ask for and I love you guys. To all my teachers and my advisor, thanks for all the support you have given me and every other student here; you all really make it easy for a kid to do his best and grow and develop as a person. Ms. Hessian, thank you for all the help through my college app process, I really appreciate it. The PPP AL, JF, DG thanks for always being there and for always being able

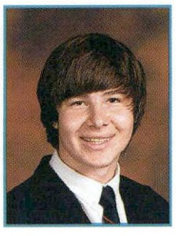


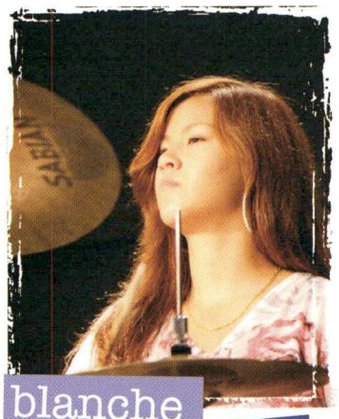
to brighten my day. I won't forget all the good times we've had this year and I'm sure we will meet up in the future. To the hockey team, thanks for a great year. It was a lot of fun no matter what happened. To everyone else, thanks for making this year a memorable one. Finally, Alyssa, I love you. Thanks for always for being there for me through good and bad. I'll never forget all the good times together. You're everything and I will always love you. Thanks everyone for a great year!



robyn diamond

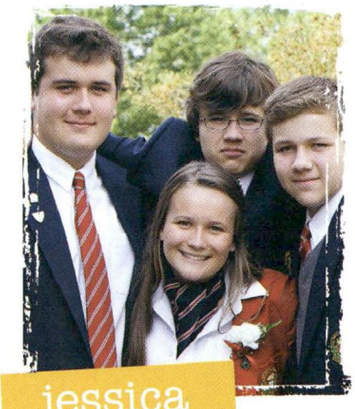
I'd like to start by thanking my parents. If not for them letting me take huge chunks out of their wallets every year, I wouldn't have been able to come here. I'd like to thank my advisor Ms. Campbell for the great counsel she's given me over the years, and don't worry, miss, I'm still wearing my loincloth. I would like to thank all my friends over the past five years and if I don't mention you, know that I will always remember your friendship. Thomas Wenzel: my favourite Austrian who taught me how to be a good prefect. Etienne: who taught me it's possible to have a heart bigger than your body, love you man. Corny Torkhul: who taught me how to understand ridiculous English accents. Jake Fagen: who taught me how to be truly logical and have no emotion. Bobby Baillergeon: who taught me it's ok to be five in Grade 12 once in a while. Philippe Martinie: who taught me the true meaning of tolerance. And Felix Larrivee: who taught me how to deal with the worst roommates in the world. I've saved this last bit for the most important person and I'm sure this won't come as a surprise to anyone who knows me. Alex Place: my best friend, my girlfriend and the love of my life. She's taught me more this year than I could fit on this page and she's changed me in ways she'll never know. Alex Tatum Place, you're the shining star that lights my path, the pushing hand directing me to what needs to be done, the strong shoulder I need to lean on when things get tough, the smiling face that makes the day seem brighter and sometimes even the complicated riddle that I'm unable to solve. Alex, I love you so very much and I'll miss every moment we won't be able to spend together while I'm in college. You changed my life, babe, and no matter how far you are in the next four years I'll always look to the moments we'll spend together in the near future.





blanche du sault

So in last year's write-up I lied; I didn't end up leaving at all. I came back. But no regrets. The usual thanks to mom and dad for making me do this. All I want to say is a shout-out to The Family... Anchi Bih (no more daily intake of vitamins or signing Marry You to each other) & Colleen (I'll miss all the deadwhales and my favourite Koala), my sisters haha. This year would never had been the same without you guys as roommates. Sean Frizzle Fry, my skinny boy, Thomas MEXICO (Sharp), the lost one, Thomas Wenzy, the Austrian, Luky Luke (what can I say), big red Max Daniel (say hero rarra!). A special word to Fabi Khalym Joe; peanut-head, I don't know what this year would have been like without your crazy self around. I love you. This time it's real I'm out. GOODBYE . <3.



jessica emond

This is my second time writing a graduating yearbook message, and I think it is the first time ever that I don't know what to say. I had a year filled with ups and downs. I have learned and grown as a person so much these past couple of months, and I know that that is because of my experiences here. I'm thankful for the bad just as much as the good, because with every negative experience I learned something new about life or about myself.

There are a handful of people close to me who made everything worth it. Pierre, Tristan and Matthias: I love you three more than anything and I can't imagine how tough it's going to be to live without you guys. I will definitely miss the hugs and high fives in the hallways. My friends: you know who are. Thanks for being awesome people, making me laugh, and leaving me with memories.

Stanstead gave me the chance at one more year of high school, the opportunity to be a prefect, and the resources to find the right college for me. For that and many other things, I have the school to thank. There really isn't another place quite like Stanstead College. I will miss the laughs, the intense conversations, and the close bonds with teachers that you can't really find anywhere else. Shout out to Mr. Wells: I had my doubts at the beginning of the year, but somehow, you got me through AP Calculus. Thanks for showing me what I am capable of if I really try.

As much as I hate to admit it, my parents were right in sending me here. I needed this year at Stanstead College and I'm truly thankful for the experiences.

One down, and three Emonds to go!

jonas tredriksson

First of all, I'd like to thank my parents for giving me the opportunity to attend Stanstead College. You are the best parents ANYONE could ask for! Jag älskar er så extremt mycket! Jag vet att det har varit tufft hemma och jag kommer att göra allt jag kan för att återbetala er. I LOVE YOU! I would also like to thank all the teachers who have helped me out during the course of the year, especially my advisor Ms. Hessian and my coaches Mr. Rioux, Mr. Perretta (?), and Mr. Corcoran. Mr. Rioux, you have done a lot for me and helped me in many different ways and I truly appreciate it. To the hockey guys: I love you, and I will always remember this team! We had our ups and downs but overall a good season with four tournament wins. To the guys who are returning for next year: I know you will have a great year and I wish

you the best of luck, and I'm extremely jealous that you get to play in a brand new arena! I have made a lot of friends this year, some closer than others. And to be honest, I never thought that I would get this close to some of the guys here. Hayden, Andrew and Dylan especially, we had some crazy times and you guys always put a smile on my face. Most memorable is probably Easter break in Ottawa, and at Bobby's house. Ha ha, good times, right Hayden? All and all, it's been a great one and only year at Stanstead College. To all the grade 12s; good luck in your future endeavours, and to the returning students; make your time here memorable!

dylan gareau

This year has gone by so fast and I can't believe it has already come to an end. It wouldn't be possible without the help of my mom and dad. Thank you both of you. Next I'd like to thank all the teachers who have helped me out this year, especially Mr. Rioux with

his help inside and outside the classroom and his hard work and dedication he put into the hockey team this year. I have some great memories here with everyone, football season but most importantly the hockey season was one of the best in my life. It was a pleasure playing with all of you boys this year. Never forget you guys. I love all you boys. There have been so many other memories that I can look back on this year...the PPP... EDC and Hayden's new friend JD. This has been a great year in my life, I meet some great guys: AL HC and JF. I'm going to miss the endless amounts of laughs and smiles we've had, never forget them. I'll always be close with you guys and look forward to seeing you boys in the future. This year has left me with nothing but good memories. Last I'd like to say something about my girl Jess. She truly is amazing to me and she has made me so happy. We have shared so many memories in our short time at Stanstead. You are very special. I will never forget you, babe. I love you.

hamilton colleen

Wow what a year this has been. It went by too fast and I can't believe my time at Stanstead is over. This year has been the best and I want to thank my family for that: Anchi, Blanche, Thomas S&W, Sean Fry, Max and Luke. Anchi, you're my best friend/sister and I love you like one, "we are so the same." Blanche (panda) & bathroomie, I'll dead whale you next time I see you. Thomas W, my son &

best guyfriend, you are always there when I need you <3 .Thomas S, little cholo, I hope you and your twin have fun next year. Sean Fry, I don't even have words to describe you, lol. I'm always laughing when I'm with you, you're so awkward! Max, I'll miss having a fellow ginger around to do weird ginger things with. And Luke, so ticklish, so cute haha, we weren't together long but I'm glad we tried <3 . I don't know what I'll do without all of you next year & will miss you so much. All our million inside jokes, how we're so close it doesn't even count as friends (and we become each other) and inseparable. But we're family & families are forever so no matter how long it is 'til we can call a family meeting, we'll all still be tighter than friends. I LOVE YOU ALL.

The three years at SC have passed so fast that I didn't have time to think about how different my life has changed until this moment. First of all, I would like to thank my parents for giving me the opportunity to come here and giving me support when I needed it the most. Also, I would like to thank my second parents for teaching me not

only the knowledge in the books but also sharing their experiences with me. SC has become my second home and it is hard to leave this warm shelter for university and say goodbye to all my friends.

I would like to start by thanking my family, especially my mother and father for being there for me and going through my struggles over the four years. I love you both. I'll miss the friendships I made here. A few shout outs: AN, BD, AL, MD, SF, MR, Mmy four partners in crime AL, DGG, HC, and JC, you guys are too funny. I'll miss all of you guys. BD it's been some

year. Ups and downs, we still managed to stay together. You're my one and only. Anchi, I'll miss your crazy self next year. Stay strong without me, you know I love you. Best of luck to you all next year.

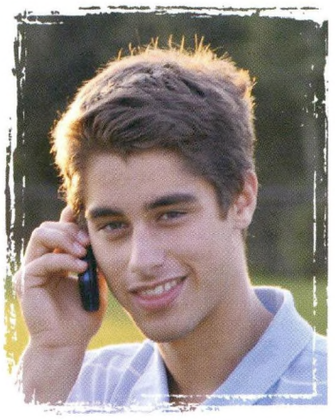
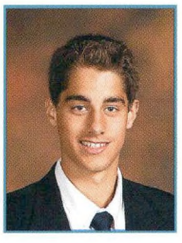
This experience has come to an end. After two wonderful years at Stanstead I have to thank every person who made this advanture unforgettable, particulary my mom who did everything all my life and supporte me during these two years. I will never forget all the moments here. Merci.



felix larrivée

Wow, another year has gone already! These past two years have been amazing for me. I would like to start by thanking my parents for giving me the opportunity to go to Stanstead College. Je vous aime, papa et maman! I also want to say a special



thanks to my beautiful Olivia for the unforgettable and amazing year that we had together, filled with laughter. Thanks for all of the smiles you put on my face day after day. I love you so much, my love. You've always have been there for me and I will always be there for you too. You're the one baby. We still have to play our Ping-Pong game, little nose. Je t'aime xxx. What a great atmosphere here at Stanstead. Everybody knows each other, and we make new friends so quickly: Hayden

'Chllllisholm', Dylan, Andrew, Jonas, and many others. This school has the most awesome teachers counting: Ms. May, Mr. Van Dyke, Ms. Gallant, Dr. Standage and many others. These types of teachers make it fun to learn and always push us to succeed. Now, what can I say about soccer season...? It was for sure the best season ever! It was so much fun at CAIS in Toronto, I had a great experience. I want to thank Mr. Chandler for this unforgettable season. I also want to thank Mr. Rioux for all the time that he dedicated to the hockey team in order to succeed this year. Now, I will graduate from Stanstead College with a solid academic background and a huge sense of accomplishment on the personal and social level with all the great life experiences that this school has given me. I will always remember Stanstead College as some of the best years of my life.

Don't cry because it's over, be happy because it happened. Not just because all the things that I went through, it's because of the happiness, enjoyment, and memories that I've learned and gained from this four-year-long trip at Stanstead College. Thanks to my parents, you really made everything possible for me, although it wasn't easy. I still remember the first day we got here, we were crying and scared to say goodbye to each other. Then you said, "Son, try to love this new place." After four years now I can tell you, I did it and I love it so much. Thank you Mom and Dad, I love you all. Moving on is simple, it's what we leave behind that's hard. It's been a long way to finally get to the end. To all

the teachers and staffs, I really appreciate every single thing that you did for me; I really enjoyed every moment in class and the determination that we fought with in every athletic games. Also, my friends, thank you all for making my life in Stanstead splendid and shiny; I can't imagine how my life would be without every single one of you, and good luck next year. It's amazing to think back how I was before and how I have become, things are gone like open water – lots and quick, and we are built like a constructioin building. Now it's time to flip to another page, and we'll always remember. "We laughed until we had to cry, we loved right down to our last goodbye; but over the years we'll smile and recall, for just one moment...We had it all!!" Thank you Stanstead!

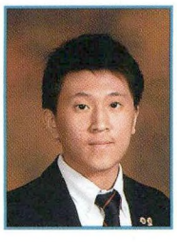
Four years have flown by much faster than I thought. It's already time to leave the place that has been my home away from home for the past four years. The four years I have spent at Stanstead College have been the best time in my life. Thank you, Mom and Dad, for giving me the chance to study at Stanstead College and all your support. You are the best parents that a kid could ask for! I also want to say thank you to my advisor, Mr. VanDyke, who has always been there for me. If it weren't for you, my time at Stanstead would not be so successful and joyful. I'm ready to move on, but I will always remember the friends and the great memories I have had at Stanstead. Thank you to everyone for the past four years. I've learned so much from every single one of you. My four years have been fantastic and I'll miss you all. My time at Stanstead has



definitely been a life-changing experience. Thank you to all my friends, Felix, Jethro, Duan, Tiffany, Vivien, Peter, Dian, Mingyi, TC, Jason, Martin, Bobby, Hayden, Jonas, Dylan and Andrew, if it weren't for you guys, I would've never laughed so happily and had such a great time at Stanstead. Bobby, Hayden and Jonas, you guys are the best roommates ever, thank you all for everything, I have had a great year with you guys. Each of you has different qualities that show me what friendship truly is. I won't forget any of you! GOOD LUCK wherever you may end up in your life to all of you, there's only a short gap until we'll meet again =)

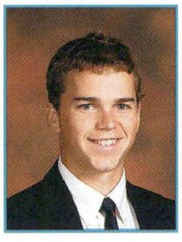
Yeee I did it again. PPP, EDC, SL, Spartan Puck. What a year. Thanks to



everyone who made it possible, I will never forget you all, from the faculty, to the maintenance workers, to my coaches, teammates, and friends. You guys all made this a year to remember. Thank you again

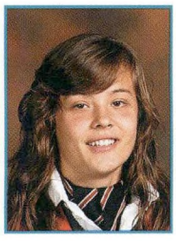
Year 2010-2011 went by really fast. Stanstead College is now over for me and for most of us in Grade 12. I don't think I will ever live another experience like I did here. Friends, teachers, sports teams, everything is just amazing, and even though we're taking different paths next year, memories will stay no matter which direction we're heading. I've had an amazing time with all the hockey team and I



want all of you to know that it was an honour to be part of the Red and White, and especially to be your captain. NAPHA champions, with a short bench and a long and incredibly hard weekend, who would have thought? We were playing like Spartans do, we showed our character and we got that game in a shootout! Never forget the feeling of that victory... I know I never will. Be proud and don't let anything pull this team apart. Keep on working, it's the key. Good experiences, good times, good friends and lots of studying are what I've had here at Stanstead College. There were obviously ups and downs, but the most important thing is that I'm happy I made it and I'm very glad I got to know all of you guys. Thanks for those moments that will never be forgotten. To the teachers, Colby House directors and all the staff who made it possible for me to succeed, I really want to take time to say a big THANK YOU and I hope you all have a good and restful summer; it's well deserved for all of you! Colby girls, I loved being part of your dorm and I hope you all enjoyed the year. Thanks for all the happiness and the joy you brought to me; I will miss you <3. Never forget that I'm your big sister and I'll be there whenever you need me! I want to wish everyone a good summer, best of luck for the future and I hope I will keep in touch and see some of you again! All the best.

First of all I would like to thank my parents for working hard to give me the opportunity to study at Stanstead College. I'd also like to thank all the teachers and friends who have helped me through my high school career. Wow!!! Five years at Stanstead have gone in a flash. It's hard to believe I am graduating. Thinking back of five years ago, I couldn't even speak a word of English, couldn't even do my laundry and couldn't even talk to other people. Five years later at Stanstead I have learned a lot!!! With all the knowledge and all the personality (friendship, partnership, leadership and responsibility) I have developed in these five years at Stanstead. This place has made a lot of memories for me. Five years ago the memories are just like a piece of blank paper. Five years later the paper is full of images. I would like to thank all my friends who

made all these experiences happen. The Davis House basement: we always had a lot of fun. All the Taiwanese: the fun memories we have and the meals we had every weekend. Last, I would like to give special thanks to Frank and Alex. It has been four years together. Think back four years ago; we all had the same dream and four years later we all achieved ours dream together. Finally, I would like to thank everyone for all the experiences and memories, and I wish everyone all the best. We come from all around the world, different regions, different countries, different families but here!!! Stanstead is like our home. We're like a family, because all the friendship and all the memories we have will last forever. Good luck, everyone. I will miss every single one of you and every single memory we had together.

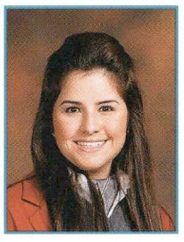
This year passed by so fast I can't believe there are 17 days till it's all over. I want to thank all the teachers and students for making this year an unforgettable one. I am going to miss each and every single one of you. This is for my girls who I have gotten so close to this year and will never forget: Jessica, Kasey, Rosalie , Alex, Maya



and Emily: I love all of you so much, you all are like my sisters. We've been through ups and downs together. I will never forget our memories together. Chris Hodge, you are the funniest guy I have ever met. No matter what mood I was in, you always knew how to put a smile on my face and make me lald like there was no tomorrow. This year was an amazing experience I LOVE YOU ALLL

There were a lot of firsts for me this year. For example, my first day at a brand new school, Stanstead. Or my first-ever sports team. Or the first time I fell on my butt going down arena hill. Or the first time my eyelids froze shut running hours through mountains of snow. The first time I lived with a bunch of girls and didn't feel like ripping their

heads off. The first German word I learned and the sad attempt in repeating it. Even if some of them where less enjoyable then others, I would never take any of them back. This first year at Stanstead College was incredible and I will never forget the good times! To all those leaving I will miss you. To my girlies who are leaving, you will always have a special place in my heart, and to those coming back I'll see you soon! Hugs and kisses to all xoxo!!

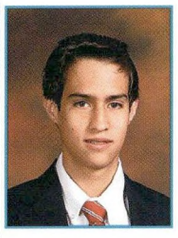
Gracias a todos los que hicieron este año posible, empezando por mis papas que me lo pagaron y me dieron la oportunidad, mi hermana en México y mis amigos y familia que me apoyaron. I would also like to thank the teachers who gave me the opportunity to be here and my friends



here in Canada, especially the Mexicans Poli, Ceci, Jone, Majo, Pau, Pri, Frida, Kar, Dany, Ana mi amorr, Daniel, Gio, Maria, los bugbee. Marina you made my classes. Thanks for being there. I will miss having French and English with you. I love you. And Jacky, you made my year. I am so happy that I was with you this year. Thank you. I will never forget you te amo demasiado. Thank you all for this great year in Stanstead College.

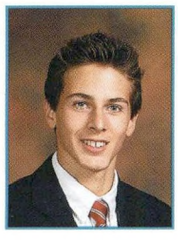
Time is definitely something each and every one of us values, but for some odd reason it seems to constantly slip between our fingers. As we all think back and remember the countless times we've spent together this year, we ask ourselves one simple question; how did everything go by so fast? From sports games to school dances or even daily assemblies, we've been through it all. Believe it or not, all of this has already come to an end. As I look back upon my first year at Stanstead, I cannot bring myself to imagine something better. First and foremost, I would particularly like to thank both my parents for providing me with this tremendous opportunity and let them know that I am truly thankful and appreciative. Secondly, there are several individuals I would like to mention as they are the ones who



made my first year at Stanstead so memorable. Justin Charbonneau: honestly I think I've spent more time with you this year than everyone else assembled. Nothing but laughs with you, that's for sure! Sarah Lessard: "Last Friday Night" maybe? HAHA To be honest, I've spent incredible moments with you and got the chance to discover who the real Sarah Lessard is. But most importantly, an amazing friend! Pietro Antonelli: At first, having my locker beside you in the hockey room seemed great, but I might have to consider you as a bully! Just kidding two week roommate! I wish you good luck next year, you have an incredible future in front of you. Lastly, well there's Kelly Foran: I don't know where to begin. An unbelievable girl who I was lucky enough to meet. For sure, we've been through a lot, but nobody will convince me that we didn't have a great year together. Finally, for all you Grade 12's, I wish you success in whatever you do in the upcoming years. For the Grade 11's; well, I can't wait to see you next year.

One more year has gone by! I can't believe how the time flies at Stanstead College. My Grade 11 year flew right to the end! Three years of my Stanstead life passed by in a blink. There are too

many memories and people who impacted me deeply in the past three years. I would like to send the greatest appreciation to my mom and dad for giving me such an opportunity to enjoy my high school life at Stanstead College. You are always supporting me at my back. Thank you for everything you have done. I couldn't ask for better parents than you. I would also like to thank all the teachers at Stanstead College; I will never forget what you have taught me over these years. Mr. Van Dyke, I was just that lucky to have you as my advisor and Math teacher. I learned a lot from you. Thank you for giving me feedback all the time. Thanks to all my friends, I can't imagine life without you at Stanstead College. Life at Stanstead College with you guys was awesome and significant and I will never forget the time we spent together. Some of you are not coming back next year; wish you all the best in the future. Lastly, I want to wish all teachers, students and faculty a gorgeous summer with sunshine!!!

First of all, I would like to thank a lot of people who gave me the ability to experience one year at Stanstead College in Canada. This includes first of all my parents, who always helped me, have been there for me and who are the ones that made this year abroad happen. I love you and missed you this year! Then I would like to

thank my roommate Dian Yu for just being the best roomie ever! I will always remember the talks we had and the fun we had sharing our room like sisters. I wish the best things for you and hope that we will see each other soon again! I want to thank so many other people, which I am not able to, because I don't get the whole book for myself, so here is a "Dankeschön" for everybody. This year meant a lot to me and I think I will never forget the friendships I made, the fun I had, the school, the teachers and everything else! At last I want to say to Elena, that "Düdo" (aka: Düsseldorf) is the BEST city ever and that Cologne is just the village which copied Carneval, haha! I think we had the BEST time ever, I will miss our sleepovers and everything! See you in "Düdo" !

This has been a great year. I would like to thank everyone who is not returning for a memorable year and one that will stay with me, and I'm not only talking about grads. I think that the years here are some of the best of your life and it may not seem like it now but in a few years I think we will understand... at least that's what my brother says. So thanks again for an awesome year, and for those coming back, see you next year, and for those not returning, thanks and I'll try to keep in touch. Oh and also you have to come and visit.

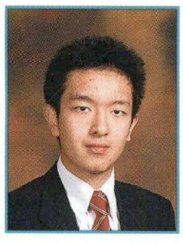
All good times come to an end. It's again the end of the year, but graduation is not the end of our friendship; it is the beginning of a new journey. Three years flew away. Moving from Bugbee to Davis, I have changed a lot and learned a lot. I would like to thank my parents first for giving me the opportunity to attend the school and all their support. It's been a terrific time to step away from Asia, and Stanstead College is such a great place, where you can make friends from all over the world. There are lots



of great memories from this year with you. I want to thank you all and dear teachers, though many of you are not coming back. Alex, Felix, Frank, and Vivien, wish you good luck in the future. As for me, I have one more year to spend in Stanstead. Looking forward to next year.

pierre emond

I had a sick year. Although Stanstead wasn't like what I thought it was going to be, that doesn't matter; it was so much better. I had an awesome time on all the sports teams, made tons of new friends, and met people I wouldn't have had I not left Selwyn. I'll miss my Mexican brothers, Hector and

Nathan, and being Foster's "advisee" (yes, it's hard to believe), and everyone else that is leaving the school that I was close with, but I won't miss anyone else over the summer. For me, this is a new beginning, and we still have another long and final year ahead of us next time around. I can't wait for it; football, all the new classes, and rugby (although hopefully a better season). I also can't wait to see everyone again after the summer. I'd like to thank my parents, my teachers and my friends for an awesome experience, and can only hope next year will be even better. I hope everyone has an awesome summer; to the grads, good luck with wherever you go. To my sister: thanks for being the best sister ever, and good luck with Trinity next year! Another great year at Stanstead College has passed way to fast. Fortunately, I have another year here and there are many amazing people returning with me to make it as memorable as the last two! Special shout out to Joey for just being so awesome, to Chelsy for being blond with me, to Sarah for always being there, and to Abby and Jess for making

my 17th birthday one I will never forget. Sadly, many people are also moving on to different and exciting opportunities, so I would like to wish everyone the best in everything they do. Alyssa, our time together has been cut short by a year but I hope you have a fantastic time back in Nova Scotia. We had an amazing year, roomie, and I will never forget you. Thank you for always having my back. I am really going to miss you next year, but I am confident I will see you again someday. Love you. Max, despite everything I am really sad to say goodbye to you. You know me better than anyone else does and I'm going to miss seeing you every day. I sincerely wish you all the best in Montreal and for the rest of your life. You're an amazing guy and, if you stay true to who you are, I know you will go far. I will never forget you. Justin, well let's just say it was fate. Getting seated beside you on the train from Ottawa was probably one of the most memorable moments of my year. You and I have already been through so much and I know we can withstand anything. Many great times are still to come, see you next year, babe.

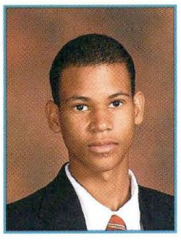
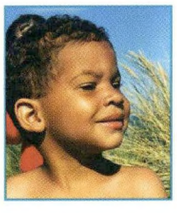
These last two years have flown by. There are several people I would like to thank for getting me to this place. My parents, I couldn't have done it without you. Thank you for all your support. And my teachers, I realize I wasn't the best student but thank you for keeping me on task. I will miss all you hockey



players, Brian Taylor, Mark Jankowski, Pietro, Kevin, Davis was amazing with you guys. Luke, Max, and Fabi, you guys were awesome, all those video games we played and all our jokes. I'll miss you guys. Fabi, hit me up on facetime. Thomas Sharp, you were the best roommate I could ever have. The conversations we had, although weird, I will remember those times. Colleen and Blanche, I love you both; I'll miss those piggybacks , Colleen, and Blanche, I'm going to



miss your panda and Asian-ness. I wuv you come and visit. Tom Wenzel , I'll miss those times in Ney's room and our fun shpures together. Anchi,I'll miss our turtles, Tiny train, 69 turtle, swimming turtle, awkward turtle, and of course our Numzfry blog. You two have been my bestfriends here, thank for those awesome memories. You've all been great friends and I'll miss you a lot. I'll miss playing on varsity teams, my coaches Mr. Simard, Mr. Grenier, and Mr. Elliot, you guys were amazing. Davis House has been my home, and it was a great experience. I will miss that awesome bio class with Mr. P and all the jokes. Congratulations to all those graduating this year grads of 2011! I hopefully will see most of you next year. I'll miss you all.

My past three years at Stanstead College have been three of the most amazing years of my life. First off I would like to thank my teachers. They have been so supportive in helping me move forward and become more successful in my academic career. At Stanstead I have met some of the most amazing people ever and I will never forget a single one of them. Some certain individuals have made my Stanstead life what it is today. Unfortunately, some of my closest friends will be moving on from Grade 12 and will not be returning to Stanstead next year. Jess, Nayla, Maya, Robyn and all of my other favourite Grade 12s, I knew at some point we would have to go our separate ways but I know it won't be for long. Keep in touch. You guys are gunna go far, I know it. Chris Hodge, I could say so much about you, and it definitely wouldn't fit in under 300 words. I'm going to miss you so much, I can't even begin to describe - you better keep in touch! And then there's Alex, my twin! I'm so glad you came to Stanstead. I don't know what I would have done without you. Seriously, I love you so much you are always there

for me no matter what, and I love you for that. Never change! For all my friends that I could not mention, you know that I love you all and that will NEVER change! Please never forget me! It is all of my friends that have made my experience at Stanstead so unforgettable and amazing, I feel so lucky to have been surrounded by such amazing people. I will miss you all. Also remember, it's not over yet, it's just the beginning!
Love, Kasey.
PS. Never say never.

emilie gamache

Three years have past ALREADY, I can't believe it! I would like to thank my parents for supporting me in this experience as well as my family and friends. I would like to thank Mr. Chandler for always pushing me to acheive better and all the good advices. Thanks to Mr. G and Mr. Van Dyke for introducing me to soccer with the help of my wonderfull roommate back three years ago, Juliet. Thank you to my favorite teachers Ms. Campbell, Mrs. May and Mr. Foster. Soo many experiences were made in three years, I'll always remember: the CRAZZYY and amazing mexiquans; les gars de hockey, vous mavez endurcie les boys! Les Lessards, jvous aime mes pitounes, ELLIOT! jtaimme mon frere, on fait tu l'autruche?! I'll never forget my amazing people this year. I love you guys soo much: Nay, Rosalie, Alex, Chris, Kasey (from hate to love), Jess,

Pierre, Maya, Etienne, Malcom...I'm going to miss you guys. And finally, my love, Jon. Thanks for making the last few weeks soo amazing i never thought we would end up this close, je t'aime, mon amour.
I'll always remember Stanstead College.
Peace Out! xoxo

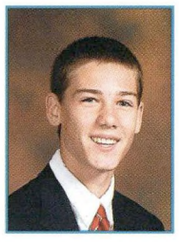
Actually Germans are known to always be on time, right? Except that is not the case for me; I came here in term 2. I made many good friends, who mean a lot to me. There were many fun trips, even ice fishing; skiing was always wonderful and shopping too. I want to thank everyone who encouraged me to come to Stanstead College, my parents, my sister and Mrs. Carruthers, and of course all the people who made me feel at home here, especially my very best friend Lissi. We had many great sleepovers, shopping trips and of course walks to the IGA, even though she is from Düsseldorf the "hate" city of Cologne. To everyone I didn't mention: Thank You, Merci & Danke.

mark jankowski

I'd like to start off by thanking my parents for giving me this great opportunity to go to Stanstead College. I'd like to thank my advisor Mr. Corcoran for being there to help me with this big change in my life. You were also the best stats man I've ever seen, and I think everyone loved your best (and only) pre-game speech before our home-opener. I'd also like to give a big thank you to Mr. Rioux. You taught me a lot of things this year and helped me develop as a hockey player, I can't wait for next season. Perretta, you are definitely the best assistant coach a hockey team could ask for. You were great to have along on the road trips and lightened the mood everywhere you went. This was my first year at SC and I have to say I can't wait for next year. This year has just been great with so many good memories, it would be impossible to mention them all. Justin Coon, you were a great roommate and thanks for teaching me "Thunderstruck." Kevin, Brian, Charbonneau, and Lafleur, all the weekends after hockey season of nothing but movies and all the sleepovers in Davis. Dylan and Andrew slowly trying to teach me how to chirp (I think I'm getting better). Jonas and Seb, just one question, when was Sweden invented? Hayden and Alyssa, I know you guys will make it, just stay strong. Jess, we have so many great memories and we'll have tons more next year, and who can forget the list we have to start! Dallas, the gentle giant, I hope you're coming back next year because when you have a concussion, you're just plain vicious. Pietro and Swann, you're both great hockey players and good luck at Maine. Smitty, I know how much you love golfing with me and we have to go again next year. I hope I didn't miss anyone and I'm sorry if I did. Congratulations to all the grads, I'm gonna miss everyone.



justin lafleur

2010-2011 at Stanstead College... definitely a great and memorable year for which I want to thank my parents who made it possible for me. First, I would like to underline the great hockey season we had this year and thank every Spartan for it. It's certainly not every year that you win three tournaments and bring back good memories from an awesome trip to Europe. Good luck to all the seniors. I am sure you guys all have great futures ahead of you. Next came the tennis season with Coach Hayden Chisholm. ETIAC champs! I have to say winning isn't a really hard task when your doubles partner is Maria... you were amazing! Oh and Joey, I still have that tie break lost on the heart ;) Millejours, oui toi, avec la face! You weren't too annoying... gotta congratulate you on surviving the year rooming with me. Don't lose all the French you learned from the best! Chelsy and Anchi, I just wanna make sure you both know that we're not changing seats next year in Mr. Van Dyke's class. Kay? Kay! Third floor of Davis, thanks for entertaining me. Ken, I wanted you to know that when you flooded Brian's room in December, it was actually me. Lastly, since September 8, I have spent a lot of time with a number of you who I will miss a lot and who I would like to thank for contributing to make this experience worth being lived and enjoyed. I truly hope you will all have a very successful future and that I'll be able to see you again one day. Returnings, enjoy your summers as much as possible and I'm looking forward to seeing you in September ... for hopefully, an even better year!

sarah lefort

Thank you to both my parents, without you I wouldn't have had this great experience. Also thank you to all my friends, especially KF, MP, VC, APD, JC, CQ for being there all the time. I would like to wish all the grads good luck for their future years to come. I will miss the long hours spent driving to

hockey games on the 21 passenger bus. Hopefully next season will be as successful and we will win our division for the third year straight. Again, thanks to everyone who made this opportunity possible! Bye to the 2011 grads, I will miss you! :)

It's hard to believe that 5 years at Stanstead actually does go by pretty fast and that it's actually time for me to be writing one of these grad write-ups. I'll never forget the great memories and awesome people I've met here since Grade 7. First of all I'd like to thank my parents for giving me the opportunity to go to Stanstead and always being there for me. This year was probably the fastest one yet, and as it comes to an end I'm starting to realise how much I'm really going to miss it. To everyone who's graduating and not coming back, good luck next year wherever you go and next year will definitely not be the same without you. Jessimica, Chantal, Kelly, Alyssa and Hailey thank you for guys for being amazing friends and for all the great memories. Alyssa, you should be coming back but have a great year in Nova Scotia and we'll be seeing you soon! To everyone coming back, have a great summer and I'll be seeing you in September!

I would like to thank my parents for presenting me with this tremendous oppurtuinity of sending me to Stanstead and I hope that I can make them proud one day by making something of what I have had given to me. I would like to say to the Grade 12's "good luck" and I hope that you do well in your school life next year. And to the grade 11's I would like to say "See you next year".

For me to come to Stanstead was a really big privilege and I would like to thank my parents very much for all of their hard work to send me here. During my year in Canada at Stanstead College, I have had the

privilege of experiencing so many thing that I would have never gotten to experience if I didn't come here. I have so many people to thank for making this year the most amazing year of my life. I would like to start off with my teachers. You have taught me so much and I am so grateful. Most importantly, I would like to thank my friends. To me, my friends are the most important aspect in my life and at Stanstead I had the opportunity to meet so many new friends from all around the world. I would like to thank everyone in the school for making my year away from home the most amazing experience of my life. At the end of the day I do really love all of you but there are certain people that I became very close to this year, I know you all know who: Kasey, Ana, Jacky, Karla, Dani, Poli, Jone, Ceci, Pau, Nayla, Hector, Ander, Alvaro, Tono, Chava, Chris, A todos mis amigos, les quiero dar las gracias por hacer este ano uno de los mejores de mi vida. & Gracias A mis papas por esta oportunidad. Thank you everyone one so much it would have been nothing without you, you really did make my experience at Stanstead the most amazing thing ever and I will keep with me for the rest of my life all of the memories the we made together.
See you soon.
Love, Marina

First of all, I'd like to thank my parents. If it weren't for them and all their support I wouldn't be here at all. Every year it goes by so much faster, and four years later, this year really flew by extremely fast. I'm going to miss a lot of people. Mexicans: Nathan, best friend, you better come and visit next year! Jacky, I LOVE YOU, and I'm gonna miss you a lot, hope to see you again! Ana Sophia, daughter, every time I'm

on duty were absolutely non-productive because I always go to your room last and end up staying half of study and most of the time Jacky was there too. Blanche, silly girls, good luck next year. Colleen, you were basically a roommate because you're in my room more than me. Hockey season: Kelly, Alyssa, CUDDLEBUDDY (Olivia), Sarah, you guys made it a blast. It was a real success, not always the easiest but it was great. Alyssa, I don't know what were gonna do without you next year; you were a big help to the soccer and hockey team. I'll miss you. Anchi, roommate & twin, this year was fun, couldn't have done it without you. Elric, you always made me laugh. Even when you don't say anything you're just always funny. Chelsy & Chantal, this year was great but this summer will be better and I'm pretty sure we'll be together all the time!!! Congratulations to everyone, love you guys. Have a great summer, good luck everyone, and see you guys next year.

I can't believe the moment I have studied so hard for over the past four

years has finally arrived. While I am excited to graduate and move onto the next chapter of my life, it is also bittersweet. Stanstead has had a huge impact on my life, has broadened my horizons, and has allowed me to reach farther than I ever dreamed I could. I'll never forget you. Thank you mum, dad, teachers, and staffs, for making a difference in my life.

Wow, four years later and I finally get the chance to write something about my life that will stay in this book forever. It's only right to say that I wouldn't be here without my parents, and I want to thank them for not giving up on this place even when I did. And to my older brother and sister who helped me make it through my first three years. To my mexicanas, dany, jacky & ana, I'm gonna miss you guys; Webster was so much fun with you. Palmer-dix & the soccer team, don't stop believing, better see you next year! And then there was the family, the people I spent almost all my time with and can't imagine Stanstead without. Hailey, best roomie ever. Luke and Max, biggest fools ever; tom tallowitzers, going from cripple to cheeks, you were always lost, it was great. Seanfrizz & tom wenzel, my booboo! I could write soo much about the two of you, but I'm just gonna say you two were my best friends ever and I definitely couldn't have made it through this year without you both, and I'm going to miss you over the summer.. love you both! And last but not least, the Grade 12s. swanne the g & pietro the fatty, gonna miss you two lovers. Fabijo, my big bro, we don't need to say goodbye, I'll be seeing you... good luck goin pro. Blanchey, four years later and I have to say goodbye to you. I love you soo much, pookie, and you're gonna do big things in Stanford or wherever you go, even without your silly girls. Kawlin aka Colleen as some people call you... where am I gonna be without you, big red? We helped each other survive through this year, bball, Webster, everything. I'm gonna miss you, ginger, love you soo much. Class of 2011, congrats to you all, and good luck with what you do. To the rest of us, we're gonna make the best of it, see you guys next year!

First of all, I want to thank all the people who gave me the facility to come to Stanstead College. This includes my family, my friends and all the teachers. I especially want to thank my grandmother who is always there for me and who really helped me this year. You are the best grandmother in the world! I love you and my whole family so much. You made this year possible and I thank you so much for that. I really missed all of you guys this entire year. To be so far away from you for such a long time showed me how important you are to me.

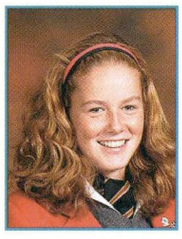
My stay in Canada was amazing and I like the county itself a lot. I had so much fun and learnt so many new things, especially how life in a boarding school is like. I got to know so many new cities and countries and I made friends from all over the world. Thanks to Lissi, Elena, Yuri, Varun, Sean, Yuuki, Rina, Emilio, my roommate Ming Yi, Mr. Wolfe for being a great headmaster and Mrs. Carruthers who helped me out a lot and who gave me a warm welcome. I cannot believe this year is already over in a few weeks but I am so glad that I got the chance to come to Stanstead College. I will never forget this year in my life.

I also want to thank my best friend at Stanstead College, Annika. I really missed you in the second half of the year. I will never forget all the funny and wonderful days we spent together. I am so glad you came to Stanstead College. I hope we see each other soon in Germany!

Stanstead College was the perfect school for me and this year was very special. I hope I get to visit this boarding school again in the future!

alyssa palmer-dixon

Two years here at Stanstead and it has felt as though I have been here forever. First of all I would like to thank my parents for allowing me to come to this wonderful school. I know it has been difficult to let your little girl grow up and be away from home, but in the end it paid off. Secondly I would like to thank my coaches for the year, especially Mr. VanDyke. Sir ... well ... I don't know what to say... but ya ... I'll be at CAIS soccer next year in the Maritimes cheering you on. Thank you to all the people behind the scenes making my stay here possible. Thirdly I would like to thank all my amazing friends. You guys don't know how much you mean to me, I will miss you all like crazy. Colby girls, as loud as you can be, you were a great group of young and fun girls. Roomie, well it's been an interesting year ... got to love the roommate craziness. Don't know what you will do without me next year- Love you. Anchi, soccer this year was pretty much the best season ever. I think by now both of us are at the paralyzed stage ... Oh Angelica. Good luck next year at CAIS, I will see you there. Finally, Hayden, you made my year here so much better, it was amazing. Good luck at Denver next year. I will miss you a lot. I love you guapo ... From east coast to west coast and everywhere in between you will always be in my heart, I will always love you no matter how far apart we are. I have really enjoyed my time here, and to everyone leaving the school, best wishes for you and your future endeavours. For those who are coming back, have another crazy year, and I hope to come back and visit you all. I will miss this school a lot.



christopher savory

These past four years really have been amazing. Although it sounds corny there are so many people to thank before I say anything. I want to thank my parents firstly, for sacrificing so much to provide both James and me with the best education. Secondly I want to thank Mr. Wolfe and his family for being so kind throughout the years and letting us bake countless pizzas and drink myriads of soda. Last but not least, I want to thank Ms. Hessian, my advisor, for being there since my arrival in Grade 8 whose classic jokes have kept me laughing for years (which reminds me: ask her for the "why do elephants paint their toenails" joke). I still remember the first day I went to Stanstead. It was orientation, which finished at around 5 p.m. Back then I thought that was a pretty late time to go home, but I had no idea. In retrospect I'm quite thankful I came to Stanstead. It provided balance in my life. Getting home just in time to finish my homework left no time for goofing off. It has prepared me for the real world. It's great to have so many people around the world gathered in one place, and so to all my international friends who are leaving, auf weidersehen, ciao and adieu. To all my returning friends, see you next year!

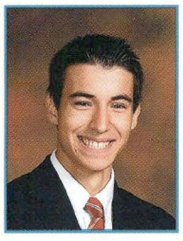
I came here in Grade 9, insecure about the idea of studying in a boarding school, and before I knew it, my third year here at Stanstead College was over. First, I would like to thank my parents for offering such a great opportunity. Cornelius, you were an awesome roommate. Thanks to you, I



now enjoy Swiss pop music. Robyn, all year you were a great friend to me and you were always there when I needed you the most. Bobby, stop playing Amnesia, I think it's bad for both of us. Pierre, don't start arguments about feminism; it will only get you in trouble. Jess, I don't really mind when you're third-wheeling. Alex, keep your hands in your pockets. Nayla, never stop spreading your joy. Rosalie, you're one of the nicest girls I've ever met, keep your awesome personality. Coon, stop showering but keep jamming; you rock. Maya, this year was the most beautiful year of my life thanks to you. Too bad you're not coming back next year... I guess we'll see each other this summer ;). To all of you going to university, good luck! For those of you in Grade 11, see you next year!

Living on campus for 12 years and being around the College my whole life and now that I'm going to be a graduate it makes me wonder if a life like that seems like it's time to give up but it isn't. It's time to get ready for another year the last one and final one. Thank you everyone who has made my Stanstead experience fun. Can't wait for next year.

"Life is like a box of chocolates, you never know what you're going to get."- Forest Gump

It seems like yesterday I was crutching my way around campus. Yes, I was the cripple. I have come a long way since then, and it's a journey I will never forget. It's tough going to a new school, unknown by all. Thank god I knew one

person, Max Daniel. Being close friends since Grade 6, I knew I would always have at least one person to count on always being there for me. He introduced me to people, who quickly became good friends of mine. Having Sean Fry as a roommate was great because we shared similar interests and the same pointless humour. During my year I became especially close to a group of people, some closer than others, where we actually called ourselves "family," and yes they were like family. Being new to the whole boarding thing, it was a great experience for me to eat every meal with friends, study with friends, hang out with friends, and spend time during spares with friends 24/7, so in a way family would be the right word. Throughout the year we had ups and downs, but by the end the family re-united. Although some of us may leave forever, the memories will never go. For those who will not return, you will be greatly missed, but not forgotten.....

Wow! Fifth year at Stanstead, and a great one it has been. First of all, I would like to thank my parents for giving me the opportunity to be able to come to Stanstead College. Without them, this wouldn't have been possible. I would like to thank my coaches, Mr. Chandler, Mr. May and Mrs. Smith (mom) for all their hard

work and time they put in coaching. I would also like to thank my teachers – it was a great year. Finally to all my friends, thanks for all the good times, laughs, ups and downs, and memories. Hope everyone has a great summer; I'll be back next year!
Peace out!

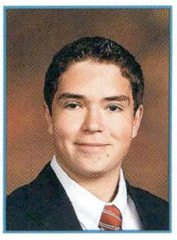
I would like to say thank you to my parents who gave me the opportunity to come to Stanstead and be a part of this great school.
My first year here in Stanstead was awesome.
On the first day, at the airport, I met Robyn, the first Cree and prefect I ever met. Robyn stay how you are, you are



awesome.
With my roommate I had a great time. Étienne is a really good friend and it is no problem if you want to talk like at 2 a.m.
Chris, we had a great time in the forest. Thank you for showing me the life in the wild.
Pierre, you just know everything. It is so funny to be in classes with you.
Tom W., at least I there is another guy from Austria. I know you don't see me as a full Lanzman, but at least I'm a third.
David Zal, my turkey friend, thanks for making French classes so funny.
My good Mexican friend Emilio, you are a really good friend. It is sad that you are not coming back.
Rosalie, you are always there if somebody needs to talk.
Jess E., I couldn't teach you any German this year, we should have done it.
Thank you everybody for this great first year in Stanstead.

Stanstead, Stantead, Stanstead... Que dire de plus? Un endroit aux mille visages rempli de hauts et de bas. Bien que j'aie souvent critiqué l'école, je dois avouer qu'elle m'a été utile dans plusieurs sens. Je me suis créé des liens d'amitié. Que l'on parle de Émilie "maman" Gamache ou de toute la gang du S.S.S., je dois avouer que ce sont tous de bon amis. Toutes

les fois que l'on comptait les jours avant les congés ou toute les fois où Pierre was drinking those glass of milk. Ce sont tous des moments que je ne pourrai oublier. Davis house! Que dire de Davis house? C'est dans cet endroit mystique que j'ai passé les deux dernières années de ma vie. Une maison à la fois chaleureuse et bruyante. Bref, mes deux années à Stanstead ont passé vite et lentement à la fois. Ce n'est pas avec regret que je quitte le collège, mais je n'en garderai toutefois pas un mauvais souvenir.

It's hard to believe that life at Stanstead College is coming to an end. Two years have flown by faster than I could've imagined. Certainly, I'd like to thank my parents for giving me this great opportunity and for always being there to support me to succeed

in life. I don't always show it but you know that I do appreciate how much the both of you have helped me with my life. Thanks for standing by my side and giving me all the things that have gotten me here. I love you both. Also, I'd like to take this opportunity to thanks my teachers, who always kept me motivated and influenced me in many aspects. I realized the best teachers teach from the heart, not from the book. I would like to thank you all from the bottom of my heart, for all the guidance, friendship, discipline and love. True friendship is like a star. You don't see its light in the brightness of prosperity but in the darkness of adversity. Thank you all my friends, you're the highlight of my life. True friends are hard to find, difficult to leave, and of course it's impossible to forget. Again, thank you for the endless love. Life is a journey, not a destination. It wouldn't be the same without you and all the memories you have given me. It's hard to say goodbye. But, in fact there are no goodbyes, wherever we are, you'll always be in my heart. Thank you and I love you all. Best luck to all the grads!

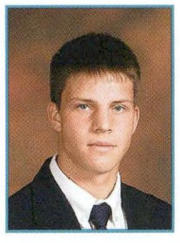
I want to start off by thanking my parents and my grandmother because it would have been impossible to come to Stanstead without them. Thank you so much!! This year was amazing and I will never forget the people who made it so great for me. The Mexicans: Nate,



Hector, Victor, Anasini (mi Hermana), Ceci, Poli, Jone, Marina, Dany... you guys were always fun and I had a great time with you. I hope that we will see us again more often in the future. My family: Colleen (my mother) I love you and I can always tell you everything!! I will miss you so much. Blanche, my Asian friend it's sad that I didn't get to know you better sooner . i will miss you but I wish you the best for the future! I love you. Anchi, aka Shaniqua Silvaface, I love you babygirl :P!! You're one of my best friends and you're always there for me. I will miss you over the summer but we have another year ;)... also a great memory will be the late nights in Robyn's room. I will miss you and I wish you the best for Dartmouth!! Sean Fry my second year with you and you're still as awkward as on the first day I met you!! I will miss you over the summer. Max Daniel... OMG bio class wouldn't be half as fun without you!! I will collect some pennies over the summer for you :P!! Hübsche, I love you and I will miss you so much!! You are part of my best memories of this year and I want to thank you for that!! Te amo <3!! Congratulations to all the graduates. If I forgot somebody I'm sorry but thank you to all of you.

Five years. Five years gone and only one left. I would like to thank my parents for giving me the opportunity to come to this school a year early. I would definitely not have had the experiences I had if I had not come to the school a year young. I would like to thank my good friends Chris and James for all the fun times. And lastly I would like to thank all my basketball coaches who put up with me for many seasons. CJW #22

Time flies, and the first year of Stanstead College has already ended. First of all I would like to show my appreciation to all the people who helped me during this past year, whether you were my friend or not. At this moment in time, I would like to step back and think about what I have learned in here. Teachers taught me how to be a successful person. Friends taught me how to be a helpful person. Life told me that there is nothing impossible. This is a nice campus with all kinds of brilliant people, multi-cultural racial, language - all of us working together and getting involved in all those events that we have done in this year. It shows me no matter how big the challenge is, if we cooperate together, we can always do it. Thanks my parents and my family for giving me this big opportunity to study here. I would like to give a small poem to all of you: "Some people come into our lives and quickly go. Some stay for a while, leave footprints on our hearts, and we are never, ever the same." Best wishes, good luck in the future, all my friends. You will always in my mind.

Dad, thanks for giving me this great opportunity to come to Stanstead. Mom, thanks for all the help and support you gave over the years. Granddad, without you I would be lost; I wouldn't be able to enjoy your wonderful cooking and your wisdom. Grand-mère, merci beaucoup pour tout parce que tu m'as aidé à apprendre la français. Mr. Ross, the running coach who has one weakness and that is for German chocolate. Mr. Ross will keep on pushing you until you get better than him, just if you get into a race with him and you beat him watch out for him because he is going to come back and try to beat you. A thanks to Mr. and Mrs. Ross for everything. Granddad thanks for everything you have done for me in the past four years, only one more year to go. Baba sen büyük teekkür vermedin sen her ey için yaptk. Ein grosses Danke shoen geht auch an die Jana und den Bora abi der immer was mit mir untternommen hat.

First of all, I want to thank my parents and my family for the support that they have given me during this past year and my whole life. Because of them, I could have this good experience. I will always remember my annoying but good friend Ye Kaijiang (Ken). He is sooooo stupid, but smart ,brilliant,and a good friend "daxiao chao very good aaajaaa?" To Jesus and Hector who sometimes annoy me, but they are very good friends. I also want to thank the best coach I've ever had Mr. Grenier for giving me the opportunity to play rugby. Before this year I didn't know anything about rugby, but now I like it so much. It is a rude sport but with high values of honour. Also my friends, like Hamad jaja hi is so funny and crazy about football (soccer). Yuuuuri and Darciiii Frendando, do you guys remember? "Filhio da puuu..." jajaja or "quelle panaka" jaja you guys are so awesome. To the Mexicans also, I had a very good time with you guys. My French classes ohhhhh my god, they were so good and so funny, it's the first time that I actually learned some French in my life. And my girlfriend, Marcela, after all we're still together, from the beginning of the year, until the end of the year, Te Amo mucho pequeña.

With only four returning starters and numerous key positions vacant on the first day of practice, circumstances begged the critical question: Would this team be able to compete? With a rookie-laden roster and inspiring leadership from team captains Pietro Antonelli and Max Ruel, the 2010 Football Spartans answered with a resounding "yes." Over the ensuing eight weeks, this determined group of athletes engineered a surprisingly successful and extremely rewarding season, compiling a solid 5-1-1 record against some formidable opponents.

Scheduling challenges required the team to play six of their seven games on hostile turf, with the traditional BCS Homecoming contest their sole fixture at Philip Field. Once again the team's toughest competition was furnished by American opponents in Vermont and New Hampshire. Following a hard-fought 14-14 tie against Mt. Washington and a solid victory over Vermont Academy (JV), the "road warrior" Spartans headed south one last time in late October to confront the Littleton Crusaders in a Friday night lights encounter. Down 20-0 at the half, the team fought back valiantly, playing their best football of the season. Regrettably, the comeback (and hopes for an undefeated season) fell short, losing 20-14, but, through meeting and dealing with adversity for the first time, the Red and White left the field that night heads held high, a much improved and stronger football team as a consequence.

Without a doubt, however, the season highlight took place on the artificial turf at Bishop's University Coulter Field, where the Spartans played arch-rivals BCS in the final game of the season. Boasting a 30-point cushion (the margin of victory in the September Homecoming encounter), the Spartans gave an impressive display of sound two-way football in a decisive 48-16 victory. With the overwhelming two game sweep (78-16) over BCS, Stanstead returned home proudly hoisting the Senator Howard Cup for the fourth consecutive year.

Congratulations on an extremely successful season to all 27 players on this year's roster. I commend you for your hard work, enthusiasm for this great game and above all for you commitment to team.

The 2010 edition of the senior boys soccer team was vastly different from the previous year's as a massive graduating class left the player cupboard almost empty. After a tough training camp, the team was set and willing, although not totally prepared, for their annual pre-season trip to face Tilton School in New Hampshire. After game's end, the 5-0 loss clearly pointed out the Spartans' lack of experience at all positions. Although soundly defeated, the Spartans did show some important characteristics that they would need if they wanted to taste success in the forthcoming ETIAC league and the annual CAIS tournament. A positive team attitude, commitment to effort, and a collective willingness and open mind to accepting criticism along with applause would form the year's objectives.

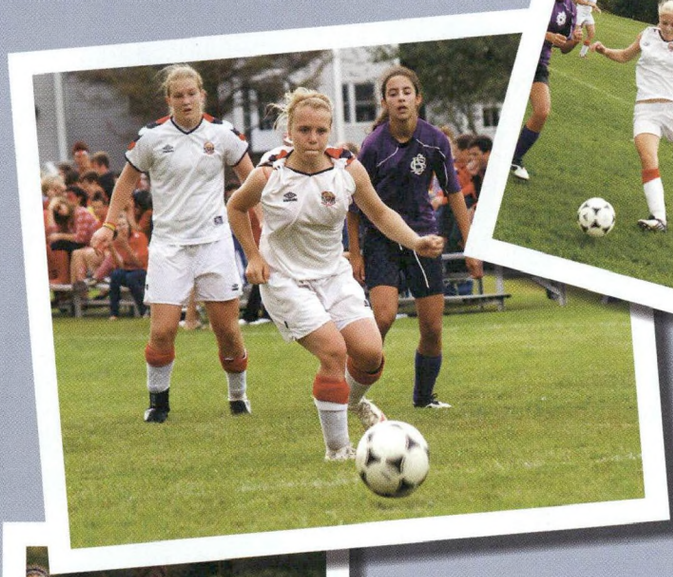
After a 5-1 drubbing away to Galt, the Spartans rebounded quickly to defeat visiting BCS 2-1 on Homecoming Saturday. It was apparent that the Spartans loved the taste of success, yet realized it was only hard work and determination that would allow them to realize this on a consistent basis. For the first time in many years, ETIAC was one of parity, with each team taking turns beating, tying and losing to one another through the season. In fact, the final league standings were not decided until the last day of the schedule. Had the Spartans won their last two games, they would have claimed the league banner and a first-place seed in the playoffs. However, the Spartans tied and lost their final road games, and subsequently landed in the fourth and final playoff position. The season record was 3-3-2 with 13 goals for, 15 against, a fourth-place finish and a playoff date with Galt.

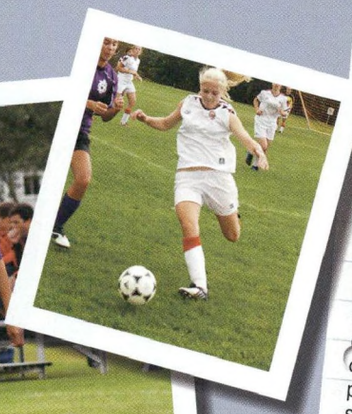
However, before the playoffs, the annual CAIS tournament, hosted by Holy Trinity School in Toronto, was the venue where the Spartans displayed their best soccer of the year. Stanstead compiled two wins (Hillfield Strathallan and St. John's Kilmarnock), two losses (Royal St. Georges and Trinity College), and one tie (Ashbury), good enough for 11th place. More important was the outstanding quality of play demonstrated through solid passing, interchange of positions, movement off the ball, and composure in decision making. The Spartans really showed the high calibre of soccer they were capable of.

The playoff game was a barn-burner. Galt took an early lead and dominated play in the first half. At half-time the Spartan pep-talk was direct: leave all of your effort on the field. And, that is exactly what they did. Not only did Stanstead tie the game but had numerous chances to win outright. However, after a solid 80 minutes the score was tied at 1-1. Unfortunately, a second yellow card and the subsequent red card were issued to a Spartan defender. Having to play a man down in the interesting ETIAC playoff format proved too costly, as Galt managed to take advantage and slot home a well-placed goal, sending the Spartan season to a crushing halt.

Congratulations to every player for their hard work and dedication. We may not have achieved the results we wanted, but we played well, with class and good sportsmanship. There are many encouraging signs for 2011, as no fewer than eight players are expected to return to the Red & White. Special mention goes out to Senior S winner Ryan Smith, Major S winner Felix Larrivée, and Bobby Moore/Major S winner Andrew Norris. Thanks again to Mr. May for his valuable goalkeeping instruction and support to our team. The history of pride, heart and determination continues!

- Coach Chandler





Don't Stop Believing!

Expectations weren't high for this 2010 team. Nine players had graduated in 2009, including two MVPs, both captains and our starting keeper. Only five starters were returning. We had a decent nucleus but were missing many important parts.

But not for long. First of all Catherine Quirion and Sarah Lefort, two impact players on offense who spent much of 2009 injured, were healthy. Then came the realization that walk-on Vanessa Champagne was a truly elite defender. Then two talented juniors moved up to senior, shoring up the midfield. And last, but certainly not least, Maxie Plante (a natural athlete) volunteered to give keeper a try. Suddenly the starting 11 was bursting with potential.

After an impressive early season tie against perennial powerhouse Galt, the wins started coming. An aggressive new formation, one that worked only because of Anchi Numfor's and Alyssa Palmer-Dixon's ability to control the midfield, allowed our talented wings to apply intense offensive pressure, while our rookie defence improved steadily throughout the season. We were undefeated in the ETIAC, we'd won or own Stanstead Invitational Tournament, and going into CAIS we were rolling right along.

But then the soccer gods turned on us. Despite being a top-five team, we somehow finished 11th. How? The abridged version: pool of death, we tie 0-0 against RNS despite dominating, we lose the goals-against tiebreaker, and finally we lose in a shoot-out to Sacred Heart despite REALLY dominating. A very quiet, bitter 10-hour bus ride home.

But it wasn't over. A day later, and two days before the ETIAC banner-deciding game against Galt, not one but TWO of our captains get diagnosed with concussions. Really?

But we don't give up. We design a new formation that hopefully minimizes the loss of our two best midfielders… and then we run into the worst-reffed game I've ever seen. Six (6!) yellow cards, one red card, and two penalty shots later we've lost 5-3, and the players are inconsolable. Really, soccer gods? REALLY?

So now comes the ultimate test of adversity. The ETIAC playoffs. After being knocked down repeatedly in the most important games of the year, will the girls give up? Or will they pick themselves up one more time?

Well, down 1-0 early in the final versus Galt, these players answered the call with their best 60 minutes of the season. I could not have been prouder as they scored 4 unanswered goals, exorcised their demons, and won the playoff trophy for the first time in the history of Stanstead College!

Ladies, it's not the winning that makes this so sweet (but I admit, it helps!). It's what we came through to get here. If even one of you packs it in during the playoff run, we don't succeed. Every one of you had to suck it up, COMMIT, forget the past, and put yourself out there one more time. Each and every one of you had to INVEST yourself and CARE enough about the team to risk being devastated one… more… time.

And care you did.

Nice little life lesson here for all us (including me), no? When faced with adversity, what do you do?

Don't Stop Believin'…

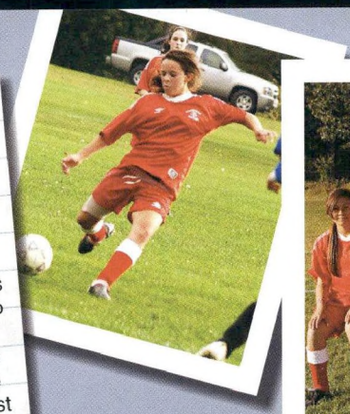
Junior Girls SOCCER



Well girls, the least we can say about this season is you kept it interesting. Sure, we got killed out there. We lost every game. Our official record was 0-10-0. We scored 6 goals and the other teams scored 62 on us. I think we all quickly realized that this season was going to be about something other than winning. It's easy for teams to throw in the towel and just give up once they realize that they will have a tough season. Some teams completely self-destruct under these circumstances; no kidding, some schools actually have to pull the team out of the league because not enough girls show up to practice. But that wasn't our case. Not even close. We had one of the biggest teams out there with the biggest team spirit. Twenty-one girls kept coming out every day to have a good time, learn a little soccer, and be part of the team. That's amazing! You could have quit, you could have complained, you could have done a ton of negative stuff but you didn't. When you think back on that, you will realize how cool that really is.

Instead, we had fun in practice, we sang on the bus and on the sidelines, yeeeah, we sang a lot, we cheered "Prin-cess," we cheered "I got your back, girl." We did have each other's backs, and that's as good a life lesson as any. The scores don't matter. The friends and memories do.

The 2010 junior boys soccer team was small in numbers but large in heart and competitive spirit. The boys began the season with 1 win and 4 losses but through hard work and dedication, turned things around to finish off the regular season with 6 wins and 1 loss. With an overall ETIAC record of 6 wins and 2 losses, the boys drew Bishop's College School in the ETIAC playoff semi-final game. It was a cold and windy Saturday morning but the team arrived ready and posed for success. BCS struck first but we tied it up quickly. BCS struck again but we tied up for a second time. In the final four minutes of play BCS would score twice to win and move on to the final. Although tired, cold and disappointed, the boys never quit and left it all on the field that day. They gave it all they had, and should be proud of their efforts.

It was a pleasure coaching you gentleman. I will remember your smiles, our many laughs and your desire to win. You gave me everything you had and for that I thank you! Go well.

The bantam boys soccer team endured a particularly tough season this year. With only 10 players, many new to the sport, getting the right result was always going to be an uphill struggle. The boys were outgunned and outmanned in every game. However, the team faced the challenges with copious amounts of determination and enthusiasm, improving markedly with every game. Highlights of the season included Liam Thompson's goal against Selwyn House at the BCS tournament and Ben Clermont's three penalty saves. The team should be congratulated on their tremendous efforts and never giving up. Congratulations also to the Bantam-'S' winners Ben Smith and Jordan Norris (his second such award).

Bantam Girls SOCCER

We had many downs in the season but the girls remained positive, and after every game we were always proud that they had honestly tried their best. We had many things to contend with. To begin with, we didn't think we were going to have enough players to make a team, and when we did have enough we had to contend with injuries throughout. In the end, the girls had a great time. Most had never played the game before so what we looked for was improvement: the fact that Deanna began making contact with the ball and when she did, it went flying; Yuan not shying away from the ball, and Janine running to intercept a pass; Sophie finally turning the ball towards the outside instead of the inside; or Rina getting knocked down and getting right back up again; Kalene, Dinah and Sarah tackling on defence, or Johanna making great saves, Mady remaining aggressive and Majo always trying her hardest; Aisha finally keeping her foot down on a throw in; Susannah diving for the ball and making a huge save. We looked at the fact that the first time we played Galt we lost 16-0 but in our last game of the season we lost 5-0! Most of all we noted that parents from the opposite team came up to us and said, "Wow, I can't believe how much your girls have improved. They work hard, they don't give up, and they do this while smiling!"

Cross-Country RUNNING

This was definitely a season of highlights! To begin with, the team took home the ETIAC banner, a feat that has not been accomplished at Stanstead College since 1974.

Although we had a smaller team than in past years, we were fortunate to have runners in almost all of the different age categories for both boys and girls. The rigorous daily training paid dividends as the season progressed, as evidenced by the improved placings of individual runners and the team as a whole.

We also participated in the regional championships for schools in both the English and French school boards. From this regional race we had six runners qualify for the provincial championships in Montebello, QC. Those qualifiers were Malcolm Wood-Downey, David Zal, Jason Cowen, Justine Gélinas, Lisanne Conradt and Annika Pinger. The provincial races were a wonderful experience with the best high school runners in the province competing. Our runners performed admirably, and the experience will certainly help these runners in future races.

All of the team members should be proud of their accomplishment this year and we look forward to many of the runners returning next year as we defend our ETIAC banner.

We started the season with 12 roster players, plus a few practice players, and were basically a pretty young team. It was a year where any team could have won the ETIAC league and playoff. Unfortunately for us, we did not seize our opportunities to do so. Out of our four league losses, two we handed to our opponents, blowing leads of over 15 points in the second half of games. One was in our first game of the season, but the second time happened near the end of the season when we were in fine form and had the eventual league champions on the ropes by 19 at MV, ending up losing by four while having key players foul out of the game. In some games, I decided to play everybody equal minutes, which affected our overall won-loss record, but I felt it was more important to get people minutes than just go for wins, especially when on the losing side of tournaments.

The Anderson Tourney was in Quebec City this year. In our first game, we lost a close one to BCS, and since it was a five-team round-robin and the QHS team was again very, very good, we knew our fate was basically sealed after that loss. We played everyone in rotation the rest of the weekend and watched as QHS destroyed all of the teams to take the Anderson once again.

In the ETIAC Playoffs, we, as #3, played #2 Galt. I said to the boys that whichever team won the game would probably win the trophy that day as both teams seemed poised to take whichever team would come out of the #1 MV vs #4 BCS game. We played our worst game of the second half of the season, and despite playing so terribly (missing 15 free throws in the second half), were still within reach of a win with two minutes to go in the fourth quarter, but lost by four. As predicted, Galt was propelled by their victory over us and went on to take the championship final over MV.

At the Visser Provincial Tourney, we met QHS and CRHS, losing to both by 40-point margins. Another disappointing end to a season!

Our overall record was 6-12, including a 4-4 record in regular season league play. There were a few laughs… Campbell called to sub in the game and running out of the gym, his time-out huddle sneak, and the famous fight/handshake; Zal's break-neck free throws; my chocolate/pants mishap en route to QHS; and Hayley's French fry poster for Sean to name a few. We needed a little more focus, consistency, determination as a group plus better performances from the leaders at key points in the season. I hope everyone realizes that we did not match our potential as a team and that these chances only come around once in a while. You must make the most of them, or live with the regrets that come with not achieving your best results. Thanks to you all, and best wishes to the graduating players.

It had been 16 years since I'd last coached junior boys, but going into this season I still thought I knew what to expect: 1) love of the game, and 2) work ethic. And boy, these young men did not disappoint. The effort and intensity they put into practices and games was unceasing and unequalled, and I have never coached a group of players who spent more of their free time enjoying their craft. These boys just loved to play ball.

They were also fast. So, given our strengths we decided to play a pressure-defence, hyper, up-tempo style. We did not even bother incorporating a set offence until the last month of the season. We would just defend like Dobermans, and then try to run teams off the court. Our fast break was so quick that we regularly scored 35 points per game off of it, with at least 10 of those coming after made baskets. Even good teams couldn't deal with it for an entire game. Sure, we could be slowed down for a while, but by the fourth quarter the other team would be too fatigued, physically and mentally, to continue focusing on transition defence. Consequently we won every single fourh quarter we played.

Ultimately this style of play translated directly into success. In fact, 2010-11 was the most dominant junior basketball team in Spartan history. First we went undefeated in ETIAC league play, winning the regular season banner for the first time ever. Then we won the BCS Invitational Tournament, again for the first time in history. Then we prevailed at the ETIAC Playoffs in a gutsy victory over nemesis BCS, collecting the Championship Trophy for only the second time ever. And finally, to top it all off, Stanstead qualified for the Davis Provincial Tournament for the first time, proudly representing the Eastern Townships against powerhouse squads from Montreal and the South Shore.

All in all, the Spartans finished with a sterling record of 16 wins vs 2 losses (both losses coming at the Davis, one by a single point). Gentlemen, you should all be exceptionally proud of yourselves and your teammates. Congratulations to every one of you, and special kudos to Ander Escobar, Paul Miller, Roger Peng and Alvaro "The Spider" Ojeda for their Junior S Awards.

It has been a real pleasure coaching you guys. I thank you all for this memorable season. I will never forget you.

Basketball bantam boys

It's hard to envision a season where you have only one returning player and barely enough players to have a team. But with a lot of heart and determination, these boys were ready to play at any given moment. With the help of TC, latecomers Yuki and Eric, our team was quick and eager to learn. There were countless hours spent on passing, dribbling and shooting. From the beginning of the season to the end, these gentlemen showed tremendous improvement, and I cannot wait to see what they bring in the coming years.

Basketball bantam girls

Our basketball season this year was certainly an eventful one, with many "bumps along the road." We encountered our fair share of adversity, but also had many positive, even hilarious moments! We were talented, worked hard and learned the value of never giving up on something. When we played our best, this team was competitive with everyone in the league. When we didn't try very hard, it was the opposite. On the court, everyone will remember the overtime victories, the two-point fourth-quarter wins and the nail-biting foul shots. Off the court, we learned that there is a lot more to being winners than lay-ups.

The 2010-11 team included 12 returning players and 13 new recruits. Our season began with a 4-3 overtime victory on Parents' Day against Académie St-Louis and ended with a convincing 10-2 win against a Midget U18 team in Lidinge, Sweden. In between, the team performed as well as any other Spartan squad in recent memory, finishing with a record of 41-20-4.

Memorable moments included prep school tournament wins at the Tilton School in November, the Northwood School in January and the Cégep Ste-Foy inaugural tournament in March. Notably, the last two tournaments included heated victories over rival Hill Academy, overshadowing a dramatic loss in the finals during our home Invitational in early January.

In Midwest Prep Hockey League play, we finished with a record of 6-6-1, placing third in the Northeast Division, just three points out of first place. In perhaps the most anticipated moment of the season, the team fell short during our quarter-final match-up against Lake Forest Academy, losing 2-0 and marking the only time of the year that we were blanked on the scoreboard. However, our season continued, and we had the historic opportunity of being the last ever Spartan team to play in the old arena, defeating Ontario Hockey Academy 7-3 on a beautiful Saturday afternoon in March.

In keeping with tradition, the team traveled overseas to compete in a series of exhibition games in Finland, Estonia and Sweden. We enjoyed a wonderful tour of these magnificent countries, finishing with a record of 5 and 1 and taking in many cultural and historical sites.

Clearly this was a year to remember in many ways. In particular, I want to congratulate the three seniors who earned NCAA Division I Scholarships to Maine University, as well as all of the other seniors who found excellent homes with Junior A teams for 2011-2012. I sincerely thank all of you for a remarkable season and wish every graduate success in your future endeavours. Moreover, I want to especially thank the team captains for their leadership and efforts throughout the season, as well as a very special thank you to Coach Perretta and Coach Corcoran for their tireless assistance and friendship. You all made this a season to remember. Lastly, I also want to thank the undergraduates for their numerous and important contributions to the team's success. I am already looking forward to 2011-12 when we enter the brand new Pat Burns Arena. Go well.

Beginning in November, this group of girls spent a significant amount of time together every day. Most weekends were on the road and when we weren't on the road we had games at home and shared the majority of those weekends with each other as well. Not to say we didn't have our moments of frustration, but they were few and this was an incredibly easy group to travel and work with. The leadership and balance was well maintained through all grades and ages and the sacrifice of time and energy for the value and success of the season was never questioned.

On the ice this small group grew steadily into quite a force. The girls worked hard in practice daily, we skated A LOT, and without complaint. The reality of our situation was that we were a team of fourteen player and three goalies, while our competition carried 3-4 lines. We knew we had to be conditioned, and it paid off. Finishing with a record of 32-12-3, this group embraced the concept of being a part of something greater then oneself.

Although it is essential to see each game with the same level of importance in order to build and maintain good habits, I believe that the North American Prep League play will certainly echo in the memories of the season for these young ladies for quite some time. Having built a strong foundation during league play, this small but fearless group approached the championship weekend with this mindset: that all they could ask of themselves and of each other is to focus on playing together every shift of every period of every game. Do that and their strength as a unit would carry them through. During both the semi-final and the championship game we found ourselves trailing at the start, but were relentless and kept pressing. This approach certainly paid off in the final as not only did we find ourselves trailing on the scoreboard but an unfortunate and terrible call left us down a player for over half the game. Although shaken and disappointed, the girls carried on, pushed for the equalizer (which we thought we had once but had to prove again) and forced the overtime shootout.

In short, it is impossible to describe how incredibly proud Coach Ross and I are of the girls and their accomplishments. It has been a tremendous honour and privilege to have had the great fortune to work with this group of wonderful young ladies. Thank you, and congratulations.

Hockey junior boys

The junior boys had their share of bumps this season. For example, for every single away game one of our players forgot a piece of hockey equipment. Helmets, shoulder pads, jock straps… even skates. We had to play some games short-handed due to injuries, suspensions, sickness, appointments, even because they forgot to attend class!

But for every bump, there were many more moments that made me proud to coach this team. For instance …

I was proud that our team was made up of players from every grade. I was proud of the leadership the older players provided as they made everyone feel like an important part of the team. I was proud of our two Mexican boys who developed substantially over the course of the season.

I was proud that our game schedule was tough this year. This meant that for every game we had to try our hardest and play together or we would get blown out on the scoreboard. Fortunately, there were only a few lopsided scores.

I was proud of the young guys, some whom weighed the same as one of Bobby's legs, for playing with pride, heart and determination. I was proud of our Grade 10 players for their solid and consistent play. I was proud of the boys who came down from Senior to help us out and provide more depth and skill.

Finally, I was proud of the attitude, effort and behaviour of this team. It was not easy going into games knowing we were the underdog, but we met the challenge head-on and with class. I am proud of all of you.

Swimming

On our first day of practice, there were three coaches for 6 swimmers… a pretty good ratio. We made it to our international training facility, and I asked the kids to do some laps to warm up. Mr. Channel, who works at IROC and who used to be the swim coach at SC asked me if I would need floaties... I can't remember if I laughed or cried. And where was Blanche? After five year on the swim team, I'm not sure what or who made her decide to try basketball… On that day, I revised my goals: focus on the basic skills, on endurance… and leave the butterfly out of the equation for a while.

And we did. Sixty laps per day, roughly 3000 laps total, which means about 70 km of swimming since November.

And then, January came, the swimmers improved, and we received some help from foreign countries: Australia, Cowansville and Ogden. At the same time, we lost four swimmers for Academic confinement., which meant that only 11 swimmers were allowed to participate in the ETIAC meets.

In the end, after Blanche decided to join us, we qualified for 283 points, and managed to get 268 of them (roughly 95%). I remember the days when the SC swim team had around 40 swimmers, and I know how much such numbers could have helped us finish in first or second place instead of third in the championship meet. But all in all, with hard work and commitment, allow me to say that it was a pretty good season.

This year's squash was diverse, competitive and terrific fun for everyone involved with the team. Thanks to Mr. Prevost for joining us and doing a marvelous job of showing students how it is done. We "dressed up" the court areas by adding new furniture and postings this year, in order to organize the events and practices more efficiently. We had the opportunity to attend BCS as well as Montreal at the Atwater Club, where our players learned a great deal about higher levels of competition. They put in their one-hundred percent at all times and it was a great pleasure to coach them. Congratulations go to Philipp Schuetz and Rebecca Schleuter for winning the top player awards.

Finally, to quote from the sports poem at assembly…

SO IT IS NOT ALWAYS EASY TO TURN THE PAGE
AND SAY SO LONG TO A TERRIFIC TEAM
YOU LED BY EXAMPLE AND MADE IT FUN
AND SHOULD BE PROUD OF WHETHER YOU LOST OR YOU WON
AS A COACH, I COULD NOT ASK FOR BETTER THAN YOU
AND I THANK YOU FOR ALL THAT YOU DID - AND STILL DO.

Skiing cross-country

This team was privileged to have 37 students participate, ranging from students who had never seen snow let alone slap on a pair of skis, to students who had been skiing many years. We split our group into beginners and advanced. The beginners were quick to note that the basics of cross-country skiing took but a minute to learn after ambling across the snow, but hard to master the more technical bits of stomping up hills, double poling, diagonal stride, skating and, my personal favourite and one that is fun to watch… careening down steep narrow hills, bound into flimsy, skinny skis without edges… skittering out of control. This particular manoeuvre is affectionately known as the "scream and thump" technique because the skittering out of control part is usually accompanied by screams of terror and ends with a loud thump.

I am very impressed with the positive attitude and cheerful disposition everyone exhibited each day. There was some grumbling on the colder days. I have to say, the harder part was getting outside. Once everyone was out and moving, the smiles came and the chitchat was good.

The advanced group was made up of those who took on the Canadian Ski Marathon challenge – more an individual challenge and less a race. The entire course this year was 174 km over two days, the equivalent of four full running marathons. Participants can challenge as much or as little as they wish. Bliss, who was brand new to skiing this year, negotiated 71 km of trail in two days, and Chris Blair was able to negotiate 135 km of the trail in two days while carrying a 20-pound pack.

See you next year!

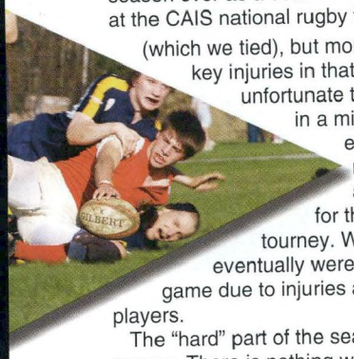
senior boys rugby

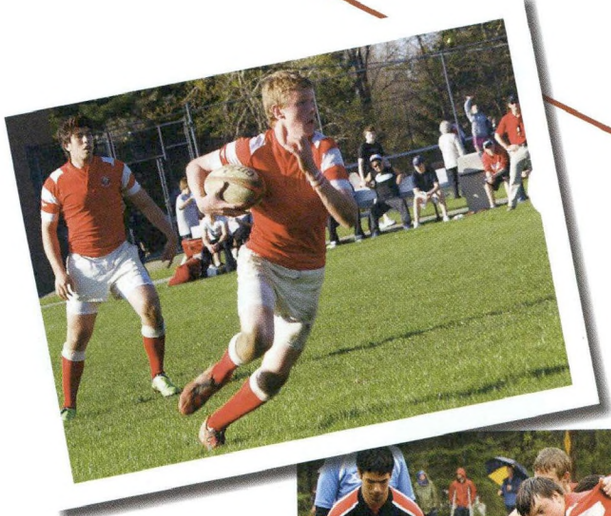
"There were puddles the size of the Great Lakes... all five of them..."



I'm not going to lie to you, this was the hardest season ever for the senior boys rugby team. At least, my hardest season ever as a coach. To begin, we lost all of our games at the CAIS national rugby tourney except our last one (which we tied), but more importantly, we suffered eight key injuries in that tourney which set the unfortunate tone for the season. More on this in a minute. We split the pre-season exhibition games. We did place a respectable fifth out of 12 teams at the GMAA 7s tourney and tied for third place at the RSEQ 7s tourney. We went 0-3 in regular season, and eventually were forced to decline the semi-final game due to injuries and the inability to field enough players.

The "hard" part of the season had nothing to do with losing games. There is nothing wrong with losing. In fact, I have written a lot on this subject and will say it again, you probably learn a lot more from losing than you do from winning. No, the hard part was not the lost games, but the losses due to injuries. I have never seen anything like it. Twenty-two out of 23 players were injured at some point this year and some of them for the entire season. Compound this fact with the craziest weather we have ever seen: snow took forever to melt and when it did there were puddles the size of the Great Lakes, yes, all five of them, on our fields. There were times when the wind was bending back the corner flags to the ground, or the rain, by gosh, the rain! So much water that we barely played on our fields all season long. We actually had a wet-vac going at one point to try to suck water off the field! And then there was that musky swamp smell on our field by June, which I am sure you boys will remember, all due to the crazy amount of water. Ridiculous.

(Front) Claude Charest, Chris Savory, Thomas Wenzel, Jesus Bonilla, Andrew Norris, Pietro Antonelli, Jason Cowen, Elliot Vallaincourt, Hector Robledo, Malcolm Wood-Downey, (rear) Back: Coach Grenier, Daniel Zuniga, Jordan Buck-Thompson, Gustavo Viedma, Pierre Emond, Sebastian Charpentier, Luke Moffat, Sean Fry, Chris Blair, Victor Haddad, James Savory, Varun Mittal, Brian Taylor, Coach Peretta



I hope the young guys on this team remember the trying times we experienced this year. Trial by fire? Nope. Trial by water and injuries! There is a young core of players on this team who were responsible for our success at the 7s tourneys and who will be returning next year with a fervour to change the tide (get the water reference?). We must rebuild next year based on you guys' collective desire and effort to succeed and overcome the odds-against-us mentality that developed this year.

I am very proud of all of you. You chose to wear the Red & White jerseys and represent your school in the toughest sport we offer here at Stanstead College, and that, when all is said and done, is what really matters in the end.

Special thanks to Tommy.

Clear Eyes, Full Heart, Can't Lose - "Expect the Unexpected"

"Expect the Unexpected" was our motto this year – little did we know just how true it would become. We could not have expected your tenacity, determination, character, perseverance and vision. We could not have expected that you would lose to BCS by 40 points at CAIS and come back to defeat them in the championship and we could not have expected how much we would enjoy spending time with you. There will be many classic memories from this season, some humorous, some muddy, some sunny and some you might want to forget, but if you struggle to remember what it really was – just remember what it felt like. When you grow up, and are as old as we are, or even older – we hope that you will be telling the athletes what it felt like when you won the championship in 2011. Remember, your character is your destiny.

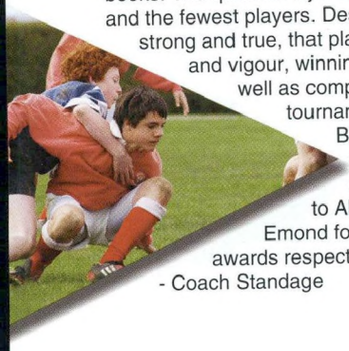
"15 young men, strong and true..."



This year's JB rugby season was, alas, one for the record books. The quickest injuries, the fewest games in a season and the fewest players. Despite this, the 15 young men, strong and true, that played this season did so with heart and vigour, winning two of their three full fixtures as well as competing hard in the two 7's tournaments played in Montreal and at BCS. They should be congratulated on their efforts in different adverse conditions. Congratulations also to Alvaro Ojeda Gomez and Matt Emond for their Junior and Bantam S awards respectively.

This junior girls rugby season was such an amazing experience and learning opportunity. Most of these girls first walked onto the field never having seen a rugby ball before, but by the end of a very gruelling and sometimes even painful season they walked off the field of their final game with tears in their eyes, not because of injuries or loss, but because they did not want their experience with the sport to be over. Whether we fielded 15 (yes, it did happen...once) or 7, the girls put their heart and soul into every game and every practice drill. They gave everything they had, then they dug down deep and gave a little bit more. They fought for the ball, they tackled time and time again, they ran as fast as they could, sometimes with three or four opponents hanging off of them, and did everything they could to help their teammates succeed. By the end of the season we had succeeded in our main goal as coaches, to help these young girls fall in love with a sport that's not just about the points, but more about the team that plays with the most heart, the group of people that fight alongside one another, support each other and win together no matter what the final score. For this, Caitlin and I thank you for a most amazing season, and we hope that you will continue to love the game of rugby as much as we loved this unforgettable season with you!

Royals celebrate an undefeated season...

This softball season was challenging yet rewarding. All six teams (over 65 players) completed the season successfully and contributed immensely. Each team assisted and supported each other through the various successes and failures along the way.

The Royals pulled off the unthinkable this season. Each member displayed outstanding commitment to the team, as well as versatility and positivity. The Royals were undefeated all season and are the 2011 Stanstead College Softball Champions.

As we entered the playoffs, it was clear that the Royals would be in the finals, though nobody was sure who would come out on top as playoff winners. The Cardinals were an equally matched opponent in the final game, and nearly won the playoffs. In the last inning, the game was tied and the Royals were at bat. With already two out, the Cardinals had the opportunity stop the Royals in their tracks. Maude Theberge came at bat with determination in her eyes. It was a perfect RBI hit to allow the Royals to win the game, and remain undefeated!

Throughout the season there were a few players who stood out. We would like to congratulate Eric Tang who was arded Most Improved yer. By the end of the on, he was a strong and a valuable addition Royals. We would also congratulate Maude and Maxime Ruel from the both being awarded the MVP the season. Lastly, we Fabrice Joseph and Dylan being the 2011 Stanstead College Softball Homerun Champions. They each hit 10 homeruns in a season with only 30 games!

At the end of the season, we also held the first ever Stanstead College Softball Skills Competition in which throwing, hitting, pitching and running were all areas in which the players were judged. Our fastest runners were Tiffany Hsu and Fabrice Joseph, our furthest throwers were Sarah Lefort and Mark Jankowski, and our best hitter was Dylan Gareau.

Congratulations to all teams and players who participated! It was a great season!

ETIAC champs for 3rd year

There was a good turnout for the golf team this season with many talented golfers trying out, and a number of golfers who simply wanted to learn the game. We managed to take two teams to each of the tournaments, so the majority of the golfers got to participate in at least one tournament. The team placed first overall in three of the four regular season tournaments, and went into the finals at Richmond with a 12-stroke lead. The boys stayed focused on a course that was very difficult due to so much rain this spring, and pulled it off and won the finals by 14 strokes to capture the ETIAC banner for the third straight year.

(Front) Eric Shi, Bobby Baillargeon, Dallas Blacksmith, Kevin Millejours, David Wood-Downey, (rear) Coach Smith, Emilio Flores, Jon Levitt, Simon Pierre Boulos, Swann Boisvert, Lucas Zwaagstra, Coach Corcoran, Ryan Smith. Missing: Justin Coon

Although the scores do not indicate such, there was some very strong competition around the league, with each school having some excellent golfers. Two golfers had excellent individual showings at the tournaments. Lucas won the tournament at Lennoxville, and Swann won the tournament at Richmond, so congratulations go to both of them, not only for the victories, but also on being the deserving recipients of Senior S awards. In the internal competition for the Golf Shield, the boys ended up going to a playoff for the second straight year. There was a three-way tie for the top spot going into the final day of competition. Over the course of 13 rounds of nine holes, two golfers were tied for an average of 42.17 strokes/9 holes and a third golfer found himself at 42.27 strokes/9 holes. Final day results: Ryan 39, Swann 39 and Lucas 38, thus for second year in a row, congratulations go to Lucas who wins the coveted shield. Congratulations to all of the golfers for surviving a wet and rainy season; you showed character and grit for all your soggy hours on the course.

"Dream team" wins ETIAC banner

I would like to thank the players for becoming the "dream team" that they were, while fulfilling every potential that was possible. We won in most every category all season long as these players demonstrated abilities, sportsmanship and consistency, that is rarely seen to that highest of high standard. We won the ETIAC banner and all local events in the Eastern Townships area. These players have shown what is possible at Stanstead, and I would like to make particular congratulations to the team for working together and trying hard in each and every category. The Shield winners this year were Melina Boudreau in girls and Hayden Chisholm in the boys category. Congratulations also to Justin Lafleur, Justin Charbonneau, Jessica Emond and Paulina Guerra for winning the Senior S awards and to Melina Boudreau, Hayden Chisholm and Joey Champigny for winning the Major S awards. Special thanks to Yuri, our outstanding team manager this year, and to Madame Langlois for her assistance throughout the season.

TRENDS TREND

Plaid Shirt

The boy-style plaid flannel shirt is a popular look for both guys and girls. Just add a pair of perfectly worn jeans.

Top Siders

From popped collars to Top Siders, prep style endures. *True Prep* shows a new generation how it's done and what it means.

Sequins

Shiny, sparkly sequins become a major fashion trend when Zoe Kravitz and runway models are spotted wearing them on hats, dresses and tops.

Hats

Self-expression is always in fashion and the right hat makes it easy to add panache (and hide a bad hair day). All you need is a cute fedora or a jaunty newsboy cap.

Military Jacket

There's nothing olive drab about this trend. Military jackets are snappy, sleek and chic — a far cry from the oversized Army surplus look of yesteryear.

Dr. Dre's Monster Beats are state-of-the-art headphones that make a strong, street-smart fashion statement. They look cool. And they sound even cooler.

Energy Drinks

Energy drinks are the beverage of choice among sleep-deprived students, despite concerns that they contain unhealthy levels of sugar and caffeine.

Mineral Makeup

Beauty mavens agree: mineral makeup rocks. These sheer, lightweight, powdery formulas are the smart alternative to gooey, pore-clogging foundations.

Pillow Pets

Now it's a stuffed animal. And now it's a pillow. Puffy, popular PillowPets™ may be the snuggliest, softest trend of the year.

Dentists report that more and more teens are asking about teeth bleaching procedures, especially for photo-op occasions like graduation and other social events.

Flip Flops

Parents and foot doctors hate them but the flip-flop fad is a year-round phenomenon for guys and girls alike (except during snowstorms).

Get the look with a classic polo, distressed skinny jeans and leather belt with your favourite treads.

Hippie style is hip once more. Tie-dyed effects on shirts and dresses appear on runways, beaches and boardwalks.

Girls Outfit

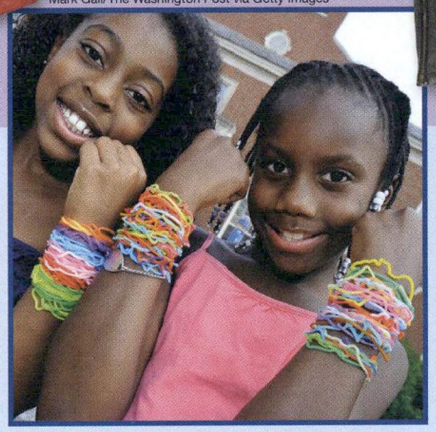
Go for an edgy, urban look in these American Rag Twill Skinny Cargos – perfectly paired with a belted Cowl neck sweater!

Big Scarves

Long, flowing scarves become a year-round trend. This must-have accessory is the easiest way to add colour and interest to casual outfits.

Monkey Slippers

It's a toy. It's a slipper. It's a fun fashion trend. Sock monkey slippers are popular in college dorms and at slumber parties.



Silly Bandz

The bandz are banned! Some schools decide that Silly Bandz — the popular silicone rubber bracelets — are too distracting for the classroom.

Long Necklaces

Long, statement necklaces are trend-right. Gossip girls look luxe with Tiffany-style trinkets. Layered, chunky, vintage baubles create an alt-rock, art school vibe.
